## Editorial Policy

The KFUEIT Newsletter is committed to providing insightful and engaging content that reflects the university's achievements, activities and vision. All submissions must adhere to ethical standards, ensuring clarity, relevance and respect for diverse perspectives.

# Editor's Note

Dear Readers,

It is a great honor to present to you the latest edition of the Khwaja Fareed University of Engineering and Information Technology (KFUEIT) Newsletter. This biannual chronicle serves as a reflection of the vibrant pulse of our university, capturing the essence of its academic brilliance, creative pursuits, and extraordinary accomplishments.

Founded in 2014, KFUEIT bears the illustrious name of the great Sufi poet Khwaja Ghulam Fareed (RA), whose wisdom and timeless verses continue to inspire generations. Nestled in the culturally rich city of Rahim Yar Khan, the university was envisioned as a beacon of enlightenment and progress for the region of South Punjab. In its relatively short journey, KFUEIT has flourished into a distinguished institution, offering a rich tapestry of undergraduate, postgraduate, and doctoral programs spanning engineering, information technology, natural sciences, social sciences, and humanities.

The journey of KFUEIT is one of resilience, aspiration, and triumph. With unyielding determination, the university has carved a niche for itself on the global stage, earning accolades in prestigious platforms such as the Times Higher Education (THE) World University Rankings and the QS Asia University Rankings. These remarkable feats underscore our unwavering commitment to fostering academic excellence, pioneering research, and fostering a culture of innovation.

Our students, the lifeblood of our institution, continue to bring glory through their extraordinary achievements on national and international platforms. Their triumphs are a testament to their perseverance and the nurturing environment KFUEIT provides. Equally commendable are our esteemed faculty members, whose groundbreaking research endeavors illuminate paths to solving contemporary challenges and advancing human understanding.

This edition of the newsletter is a celebration of milestones; a glimpse into our academic endeavors, collaborative ventures, and the lively co-curricular and extra-curricular activities that enrich the lives of our students. From intellectual symposia and transformative workshops to cultural festivals and spirited sports tournaments, each event embodies the ethos of KFUEIT: to educate not only the mind but also the heart and soul. As we forge ahead, we remain steadfast in our mission to empower the youth of Pakistan with the knowledge and skills to dream boldly, think deeply, and achieve profoundly. With every step forward, KFUEIT continues to write its story; a story of hope, ambition, and an unwavering quest for excellence.

I hope you enjoy this edition of the newsletter and join us in celebrating the achievements and aspirations of this vibrant community. Together, let us strive to transform dreams into reality and aspirations into achievements.

## ***Prof. Ir. Dr. Amir Azam Khan Assumes Role as Vice Chancellor of KFUEIT***

Renowned academician Prof. Ir. Dr. Amir Azam Khan officially took charge as the Vice Chancellor of Khwaja Fareed University of Engineering and Information Technology (KFUEIT), Rahim Yar Khan, on September 23, 2024. Upon his arrival at the university, he was warmly welcomed by the Acting Vice Chancellor, Registrar, and other senior officials.

In his first official engagement, Prof. Dr. Amir Azam Khan held an introductory meeting with associate deans and senior faculty members, where he received a comprehensive briefing on the university's operations and ongoing initiatives. During the meeting, he reiterated his commitment to enhancing the standards of higher education and research at KFUEIT. He emphasized the efficient utilization of resources to achieve academic excellence and expressed

his confidence in KFUEIT's potential to emerge as a leading knowledge hub both nationally and internationally. He assured that the university would continue to provide world-class educational facilities to its students.

Prior to this appointment, Prof. Dr. Amir Azam Khan served as the Principal of the School of Chemical and Materials Engineering at NUST, Islamabad. His extensive experience and visionary leadership are expected to propel KFUEIT to new heights of academic and research achievements in the years to come.

***KFUEIT LAUNCHES EDDY COVARIANCE  
FLUX TOWER TO ADVANCE CLIMATE  
AND AGRICULTURAL RESEARCH***

# KFUEIT Inaugurates Eddy Covariance Flux Tower for Climate and Agricultural Advancement

On November 15, 2024, Khwaja Fareed University of Engineering and Information Technology (KFUEIT), in collaboration with the International Water Management Institute (IWMI), inaugurated the state-of-the-art Eddy Covariance Flux Tower on November 15, 2024. This cutting-edge facility is designed to revolutionize climate and agricultural research by providing real-time data for climate monitoring, enabling precise weather forecasting, and helping farmers mitigate climate-related risks to their crops. The Eddy Covariance Flux Tower serves as a vital instrument for analyzing energy, water, and carbon exchanges between the land surface and the atmosphere. Its insights are expected to significantly enhance water resource management, improve agricultural practices, and reduce the impact of natural disasters on the region's farming communities.

Speaking at the inauguration ceremony, Vice Chancellor Prof. Dr. Amir Azam Khan emphasized KFUEIT's commitment to integrating advanced technologies into agriculture to address critical climate challenges. He underscored the flux tower's potential to promote sustainable agricultural development, not only in the region but also at a broader scale.

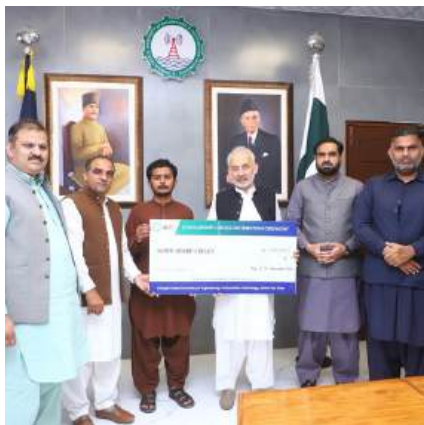

KFUEIT's partnership with the International Water Management Institute reflects a shared commitment to leveraging cutting-edge technology to empower farmers and strengthen agricultural infrastructure. The installation of the Eddy Covariance Flux Tower marks a significant milestone in KFUEIT's mission to foster a climate-resilient and sustainable future.

## Khwaja Fareed University of Engineering and Information Technology (KFUEIT)

Khwaja Fareed University of Engineering and Information Technology (KFUEIT), located in Rahim Yar Khan, Pakistan, was established in 2014 with the vision of promoting education and technological innovation in the region. Named after the renowned Sufi poet and scholar Khwaja Ghulam Fareed (RA), the university reflects his legacy of enlightenment, cultural heritage, and intellectual pursuit. Founded to meet the educational and professional demands of Southern Punjab, KFUEIT began its journey with a modest range of programs. Over the years, it has experienced remarkable growth, now offering an extensive array of undergraduate, graduate and doctoral programs across disciplines such as engineering, computing, sciences, management, and humanities. The university boasts state-of-the-art facilities, modern laboratories, and a spacious campus

### KFUEIT Awards Benazir Undergraduate Scholarships to Deserving Students

The Scholarships and Financial Assistance Department at Khwaja Fareed University of Engineering and Information Technology (KFUEIT) organized a cheque distribution ceremony on November 3, 2024, as part of Phase II of the Benazir Undergraduate Scholarship Program.

Vice Chancellor Prof. Ir. Dr. Amir Azam Khan distributed scholarship cheques to the recipients, encouraging them to strive for excellence. The Benazir Undergraduate Scholarship Program reflects KFUEIT's commitment to supporting talented students in achieving their academic goals.

*“Education is the most powerful weapon which you can use to change the world.”*

*– Nelson Mandela*

designed to foster both academic excellence and extracurricular engagement. KFUEIT has emerged as a hub for research, innovation, and industry collaboration, attracting aspiring professionals and researchers from across the country.

Through its unwavering commitment to academic excellence, community development, and sustainable practices, KFUEIT continues to transform the educational landscape of the region. The university plays a vital role in advancing knowledge and contributing to the socio-economic progress of Pakistan.

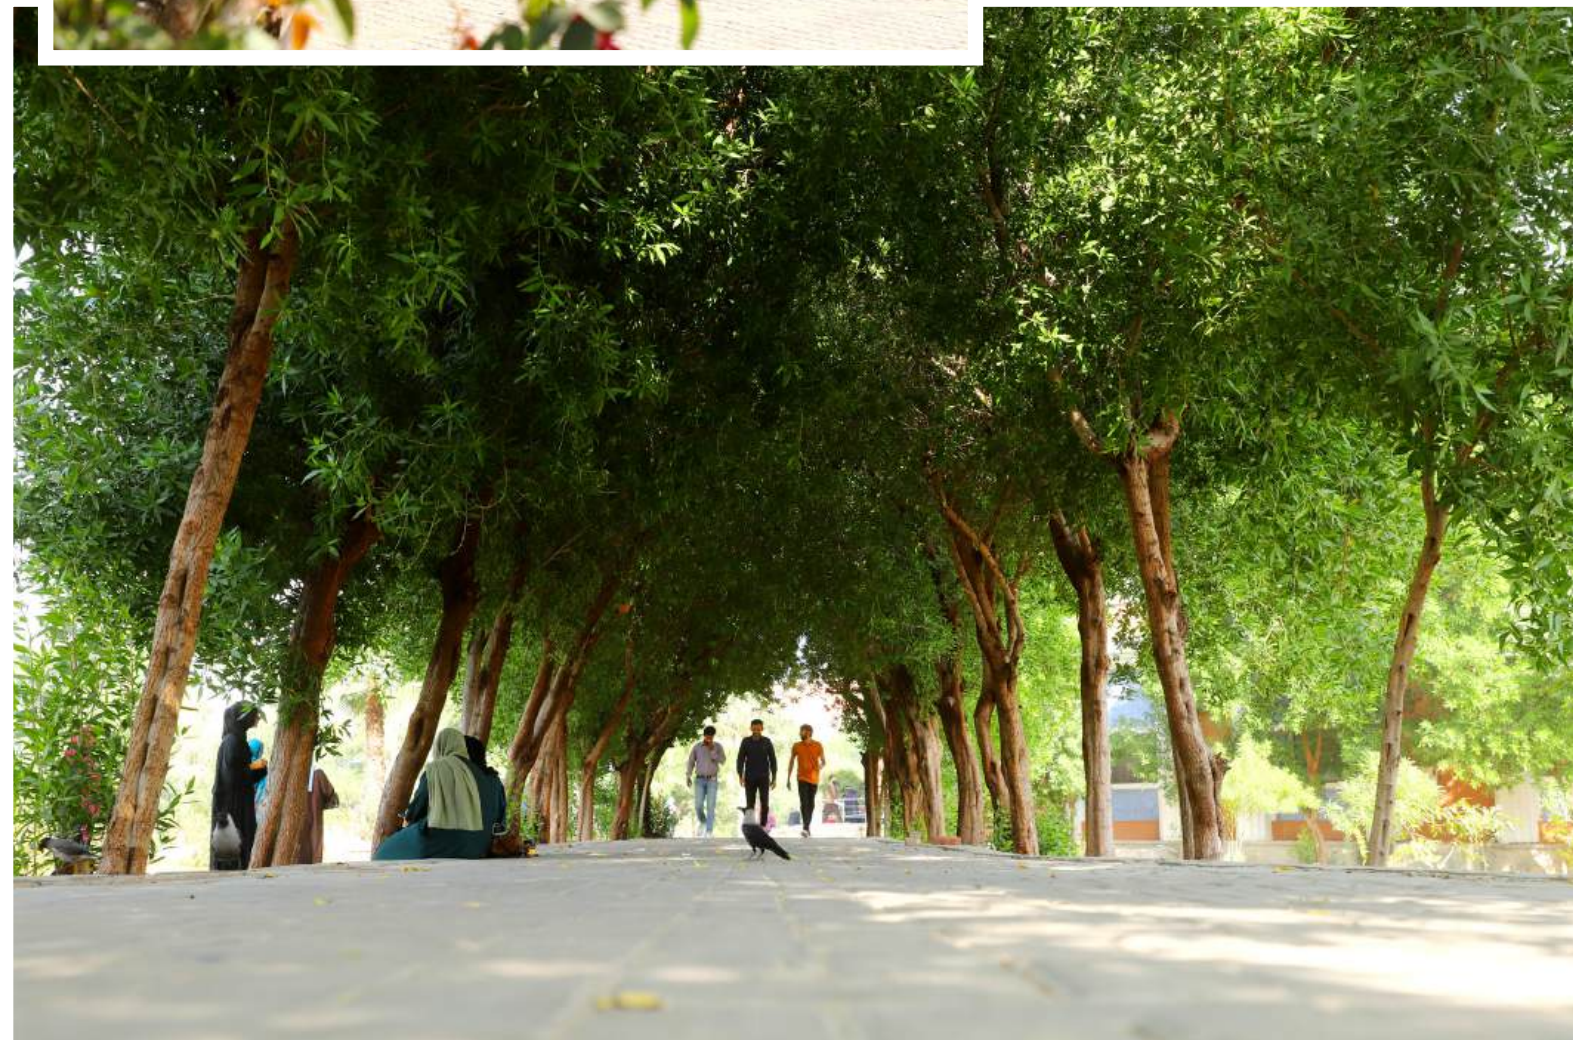

## **Training Workshop on Emergency Response**

On September 16, 2024 Khawaja Fareed University of Engineering and Information Technology (KFUEIT), Rahim Yar Khan, conducted a training workshop for students in partnership with Rescue 1122, emphasizing effective emergency response. Prof. Dr. Shahzad Murtaza highlighted the significance of preparedness and quick action in crisis situations. Rescue 1122 was represented by Divisional Emergency Officer Dr. Abdul Sattar and Tehsil Emergency Officer Mr. Malik Ijaz. The workshop covered managing various emergencies, including accidents, fires, and electric shocks, with a particular emphasis on first aid techniques.

# Strategic Meetings

# *Prof. Ir. Amir Azam Khan Chairs First HODs Meeting at KFUEIT*

The Vice Chancellor, Prof. Ir. Dr. Amir Azam Khan, chaired his inaugural meeting with all Heads of Departments (HODs) in the Admin Meeting Room on September 26, 2024. The meeting was also attended by Pro Vice Chancellor and Registrar. Discussions during the meeting centered on strategies for academic development, administrative enhancements, and plans to strengthen the university's overall performance. It was emphasized on the need for collaboration and innovation to further advance KFUEIT's standing in academic and research excellence. The meeting set a positive tone for the future, reaffirming the university's commitment to fostering growth, excellence, and impactful contributions to education and research.

## **Prof. Ir. Dr. Amir Azam Khan's First Interaction with CRs and GRs Focuses on Leadership and Positive Contribution**

On October 3, 2024, Prof. Ir. Dr. Amir Azam Khan, Vice Chancellor of KFUEIT, held his inaugural session with Class Representatives (CRs) and Girls' Representatives (GRs) from various departments. During the interaction, Prof. Khan underscored that students are the university's foremost priority and urged them to focus on research, utilize their time effectively, and develop a sense of responsibility. He emphasized the importance of positive behavior, maintaining environmental cleanliness, and making meaningful contributions to the university community. The Vice Chancellor also inspired and guided students on enhancing their leadership skills, encouraging them to take proactive roles in shaping a constructive and collaborative academic environment. Pro Vice Chancellor, Registrar and several heads of departments were also present, adding their support to this insightful and motivating session.

# Prof. Ir. Dr. Amir Azam Khan Engages with Faculties and Students to Drive Innovation and Leadership

On September 26, 2024 Vice Chancellor of Khwaja Fareed University of Engineering and Information Technology, Rahim Yar Khan, Prof. Ir. Amir Azam Khan, chaired his first meeting with all Heads of Departments in the Admin Meeting Room. Pro Vice Chancellor Shahzad Murtaza and Registrar Dr. Muhammad Sagir were also present at the meeting. The discussion focused on academic development, administrative improvements, and future strategies to enhance the university's performance. Faculty members highlighted the importance of collaboration and innovation to further elevate the institution's academic and research excellence.

The discussion focused on academic development, administrative improvements, and future strategies to enhance the university's performance. Faculty members highlighted the importance of collaboration and innovation to further elevate the institution's academic and research excellence.

## *Visit to District Press Club RYK*

On November 1, 2024, Prof. Ir. Dr. Amir Azam Khan, Vice Chancellor of KFUEIT, paid a visit to the District Press Club in Rahim Yar Khan. He was warmly welcomed by Press Club President and other cabinet members.

During the visit, Prof. Dr. Khan expressed his appreciation for the vital role played by the journalist community in supporting the university's growth and contributing to the development of both urban and societal progress. He also participated in an interactive session, addressing various questions from the attendees and fostering an open dialogue on key issues.

## ***Vice Chancellor Visits Chamber of Commerce and Industry***

On November 28, 2024, Prof. Dr. Amir Azam Khan, Vice Chancellor of Khwaja Fareed University of Engineering and Information Technology (KFUEIT), visited the Rahim Yar Khan Chamber of Commerce and Industry (CCI) at the invitation of its President, Waleed Ahmed. He was warmly welcomed by the President, Vice Presidents, and Executive Members.

During the meeting, Prof. Dr. Amir Azam Khan stressed the need for stronger industry-academia collaboration to create internship and scholarship opportunities for students. Plans for establishing a Science and Technology Park to boost university-industry partnerships were also discussed.

## **VC Emerson University Multan visited KFUEIT**

On December 13, 2024, The Vice Chancellor of Emerson University Multan, Prof. Dr. Muhammad Ramzan, visited Khwaja Fareed University of Engineering and Information Technology (KFUEIT).

The Vice Chancellor of KFUEIT, Prof. Dr. Amir Azam Khan, warmly welcomed the distinguished guest and provided a comprehensive briefing on the university's academic, research, and infrastructural advancements. On this occasion, both institutions discussed avenues for mutual collaboration to enhance educational and research opportunities.

# Trainings & Seminars

## KFUEIT Welcomes MDCAT Candidates with Campus Tour and Informative Briefing

KFUEIT warmly welcomed MDCAT candidates and their parents from across the country on September 22, 2024. Guests were offered a guided campus tour, showcasing KFUEIT's facilities and academic environment. Dr. Ahmed Sohaib, Director of Student Services, delivered a briefing in the Community Hall about the university's programs and commitment to student success. The Vice Chancellor and officials extended best wishes to the candidates, encouraging them to excel academically and professionally. The event highlighted KFUEIT's dedication to academic excellence and engagement with the educational community.

## Model United Nations Summit: “The World at the Crossroads: Reconciliation and Rebuilding for a More Inclusive and Cooperative Future”

The International Relations Society at KFUEIT hosted a Model United Nations (MUN) Summit on October 17, 2024, themed “The World at the Crossroads: Reconciliation and Rebuilding Initiatives.” The summit provided a platform for students to engage in meaningful discussions on pressing global issues, focusing on fostering peaceful resolutions and promoting reconstruction for a better future. Participants simulated United Nations processes, enhancing their critical thinking, negotiation, and leadership skills. The event also encouraged collaboration and dialogue among students, preparing them to address real-world challenges. It reflected KFUEIT's dedication to fostering global peace, cooperation, and student empowerment.

## Seminar on “Maritime Sector and Career Opportunities”

The Khwaja Fareed Society of Civil Engineers (KFSCE) and the Department of Civil Engineering, in collaboration with the Directorate of Student Affairs (DSA) at KFUEIT, organized an engaging seminar on the maritime sector and career opportunities in the Pakistan Navy on November 15, 2024. The event featured Lieutenant Commander Mr. Iftikhar Anjum as the guest speaker, who provided valuable insights into the Navy’s recruitment and selection processes. His address inspired students to consider pursuing careers in national defense and highlighted the critical role of the maritime sector in Pakistan’s development. This initiative reaffirmed KFUEIT’s dedication to equipping students with knowledge about diverse career pathways and fostering their professional growth.

## Seminar on “Towards a Healthier Future: Smog Awareness and Prevention”

On November 10, 2024, the Institute of Chemical and Environmental Engineering at KFUEIT successfully hosted a seminar titled “Towards a Healthier Future: Smog Awareness and Prevention”. The event featured Engr. Suraj Kumar, District Environmental Officer, as the esteemed guest speaker. He provided valuable insights into the causes and consequences of smog, its adverse effects on health, and practical strategies for prevention.

Engr. Kumar captivated the audience with actionable advice on reducing smog through sustainable practices to improve air quality. Students, faculty, and community members gained a deeper understanding of their role in protecting the environment and left inspired to embrace eco-friendly habits. The seminar underscored the importance of collective efforts in mitigating smog and fostering a healthier, more sustainable future.

# Special Seminar and Awareness Walk on “World Mental Health Day” at KFUEIT

On October 10, 2024, the Institute of Health Sciences at KFUEIT organized a special seminar to commemorate “World Mental Health Day”. The event aimed to raise awareness about the critical importance of mental health in today’s fast-paced and challenging world. Dr. Makhdoom Basharat Hussain Hashmi, Head of the Institute, delivered an impactful address, emphasizing the significance of mental well-being, the necessity of self-care, and the value of collective support in fostering a healthier society. The seminar concluded with an awareness note, as students and faculty came together for an awareness walk. The participants advocated for mental health awareness, spreading a powerful message of hope, support, and solidarity to the university community and beyond.

## Training Workshop on “Ethical Values”

On October 21, 2024, The KFUEIT Ethics and Tolerance Society conducted a Training Workshop on Ethical Values for Students, featuring sessions by Dr. Muhammad Anwar Farooq, Dr. Majid Rashid, and Mr. Waheed Shahzad. The workshop provided students with ethical knowledge and practical guidance, reflecting KFUEIT’s commitment to nurturing well-rounded individuals grounded in strong ethical principles.

## Seminar on “Rizq Halal kay Taqazay”

On December 23, 2024, the KFUEIT Ethics and Tolerance Society organized a seminar titled “Rizq Halal kay Taqazay” at Khwaja Fareed University of Engineering and Information Technology. The event was designed to promote the understanding of earning a lawful livelihood and its connection to faith in Islam.

The guest speaker, \*Mufti Shafique Sb\*, Assistant Professor at Khawaja Fareed Post graduate College, Rahim Yar Khan, delivered a thought-provoking and enlightening speech on the seminar’s theme. He emphasized the importance of earning through lawful means, linking it to spiritual growth and moral development. His insights provided the audience with practical guidance on integrating Islamic principles into their daily lives.

## Workshop on “Bio-Fortified Zinc Wheat to Combat Malnutrition”

The Institute of Food Science and Technology at KFUEIT organized a multi-stakeholder workshop titled “Bio-Fortified Zinc Wheat to Combat Malnutrition” on October 23, 2024. The event was held in collaboration with the Association for Gender Awareness and Human Empowerment (AGAHE) and the Global Alliance for Improved Nutrition (GAIN). Prof. Dr. Shahzad Murtaza, Pro-Vice Chancellor of KFUEIT, presided over the workshop as the chief guest. The event brought together representatives from farmer organizations, district administration, and private-sector experts, including Mr. Ahmed Khakwani, Area Manager, Engro Fertilizer, Dr. Khan Aslam Khan, Director Agriculture Extension, Dr. Iqrar, Director, In-Service Agriculture Institute, Dr. Abdul Jaleel Jarwar, Director, FFC Farm Advisory, and Mr. Arsalan Akhtar, Project Manager, AGAHE. More than 50 farmers, along with faculty, students and industry stakeholders actively participated in the workshop.

In his address, Prof. Dr. Shahzad Murtaza commended the collaborative efforts of the university and its partners. He remarked, “Workshops like these play a vital role in promoting research-based solutions to critical challenges such as malnutrition. Our goal is to create awareness and empower the farming community with knowledge and innovation”. Dr. Khan Aslam Khan emphasized the importance of bio-fortification, stating, “Enhancing crops with essential micronutrients like zinc is a critical step toward ensuring food security and improving public health”. The workshop concluded with participants expressing appreciation for the event’s organization and optimism about adopting innovative agricultural practices to address malnutrition.

## Awareness Session on “Polycystic Ovary Syndrome (PCOS)”

On September 26, 2024, KFUEIT, in collaboration with Chughtai Lab, hosted an awareness session on “Polycystic Ovary Syndrome (PCOS)”. The session featured distinguished guest speakers, Dr. Nuzhar Rasheed and Dr. Saadia Zahoor, who shared their expertise on the condition.

The event was attended by a large number of faculty members, students from the Institute of Health Sciences, and other stakeholders. The session provided valuable insights into the causes, symptoms, and management of PCOS, fostering a better understanding of this common yet often misunderstood condition. The interactive nature of the event and the presence of medical experts made it highly informative and well-received by the audience.

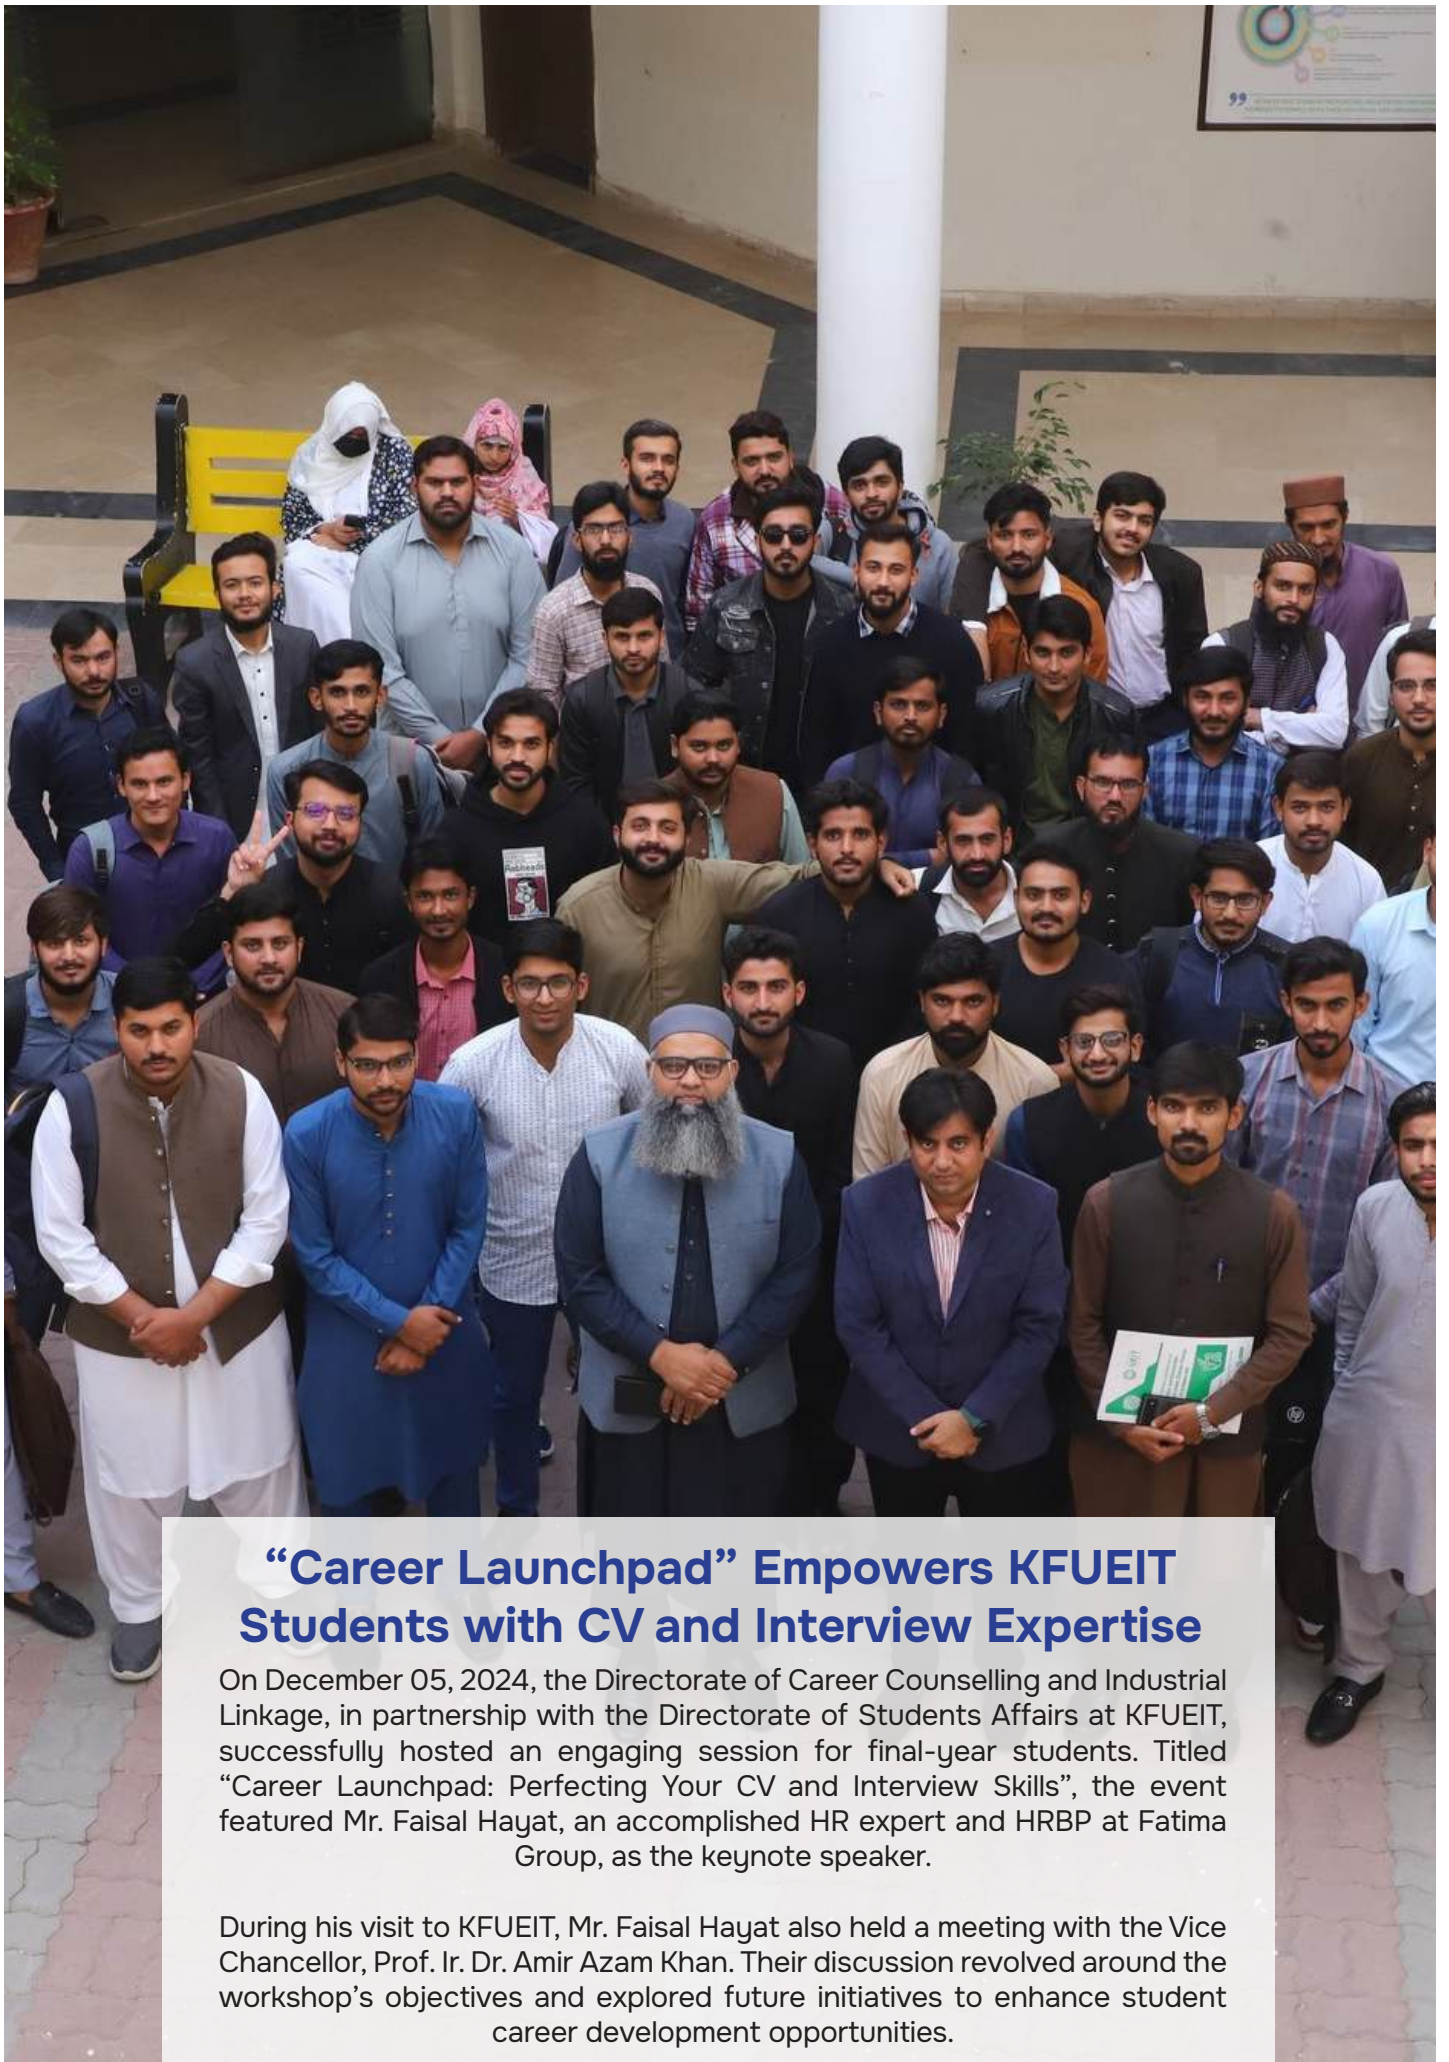

## Book Talk on “Nexus: A Brief History of Information Networks from the Stone Age to AI”

On October 28, 2024, the KFUEIT Readers’ and Writers’ Club and the Central Library hosted a book talk and study circle on Yuval Noah Harari’s “Nexus: A Brief History of Information Networks from the Stone Age to AI.” Dr. Muhammad Anwar Farooq led an insightful discussion on the evolution of information networks, highlighting milestones like the printing revolution, the rise of the internet, and the role of artificial intelligence in shaping the future.

The event included a lively Q&A session with Dr. Farooq and concluded with an inspiring address by Vice Chancellor Prof. Ir. Dr. Amir Azam Khan, who emphasized the importance of mastering computing and AI skills. University leaders, including Pro Vice Chancellor Prof. Dr. Shahzad Murtaza and Registrar Dr. Muhammad Sagir, graced the event, showcasing KFUEIT’s commitment to intellectual growth and academic excellence.

## “Career Launchpad” Empowers KFUEIT Students with CV and Interview Expertise

On December 05, 2024, the Directorate of Career Counselling and Industrial Linkage, in partnership with the Directorate of Students Affairs at KFUEIT, successfully hosted an engaging session for final-year students. Titled “Career Launchpad: Perfecting Your CV and Interview Skills”, the event featured Mr. Faisal Hayat, an accomplished HR expert and HRBP at Fatima Group, as the keynote speaker.

During his visit to KFUEIT, Mr. Faisal Hayat also held a meeting with the Vice Chancellor, Prof. Ir. Dr. Amir Azam Khan. Their discussion revolved around the workshop’s objectives and explored future initiatives to enhance student career development opportunities.

# Innovative Workshop on “Mapping Water and Carbon Fluxes”

On November 15, 2024, KFUEIT organized a workshop on “Mapping Water and Carbon Fluxes” using advanced Eddy Covariance Flux Tower technology. Conducted by experts from KFUEIT and the International Water Management Institute (IWMI), the workshop focused on enhancing agricultural sustainability and climate resilience in the southern Indus Basin. Participants gained insights into cutting-edge techniques for monitoring water and carbon fluxes, vital for informed water management and minimizing carbon footprints. Vice Chancellor Prof. Ir. Dr. Amir Azam Khan highlighted the initiative’s significance in addressing climate change challenges. The event gathered academics, researchers, and stakeholders from agriculture and environmental sectors, fostering collaboration for sustainable solutions.

# Workshop on SAR for “PREE: Driving Academic Excellence through Structured Assessment”

On November 15, 2024, the Quality Enhancement Cell (QEC) successfully conducted a one-day training workshop titled “Self-Assessment Report (SAR) based on Program Review for Effectiveness and Enhancement (PREE)” for Program Teams. Engr. Dr. Muhammad Umer Farooq, Additional Director QEC, and Mr. Muhammad Afzal, Deputy Director QEC, served as esteemed resource persons, sharing their valuable expertise and insights.

The workshop aimed to deepen participants’ understanding of creating effective Self-Assessment Reports and enhance the quality of academic programs. The PREE initiative, introduced by the Higher Education Commission (HEC) under the Precepts, Standards, and Guidelines (PSG-2023) program in consultation with the UK Quality Assurance Agency, focuses on strengthening academic programs through systematic assessment and feedback, fostering excellence in higher education.

## ***Research Workshop and Oral Examinations for M.Phil. Urdu Students at KFUEIT***

On July 12, 2024, Khwaja Fareed University of Engineering and Information Technology, Rahim Yar Khan, conducted the oral examinations for M.Phil. Urdu students. Dr. Farzana Kokab, Chairperson of the Urdu Department at Bahauddin Zakariya University, and Dr. Fatima Jalal served as external examiners for the session. Additionally, the Urdu Department organized a research workshop titled “Urdu Research in Contemporary Context”, where Dr. Najma Kokab addressed the participants as the guest speaker, highlighting the significance of modern Urdu research practices.

## **KFUEIT Celebrates Milestone in National and Global Rankings**

On November 29, 2024, Khwaja Fareed University of Engineering and Information Technology hosted a ceremony to celebrate its outstanding achievement in national and international university rankings, including QS Asia, Times Higher Education and HEC Pakistan. Vice Chancellor Prof. Ir. Dr. Amir Azam Khan praised the university’s unwavering commitment to quality education and acknowledged the significant contributions of the Quality Enhancement Cell in reaching this milestone.

## ***Business Incubation Workshop for Climate Smart Agriculture***

On July 13, 2024, a highly successful three-day workshop, organized under the Climate Smart Agriculture Accelerator Program (CSAAP)-KFUEIT GIZ SAR Project, concluded at Khwaja Fareed University of Engineering & Information Technology (KFUEIT). Focused on planning and managing business incubation, the workshop provided participants with critical insights into the incubation business, specifically tailored to Pakistan’s agricultural sector. Led by Ikhtiar Ahmed Khuso, Director of the Incubation Center at IBA Sukkur, the sessions fostered hands-on learning. Faculty members Dr. Yasir Niaz, Dr. Bilal Tahir, and others enriched the discussions, helping participants enhance skills to drive sustainable innovation in agriculture.

# Preparation Series 2024-2025: A Comprehensive Workshop Series at KFUEIT

Khwaja Fareed University of Engineering and Information Technology (KFUEIT) successfully hosted a series of workshops under the CSS Preparation Series 2024-2025, held from November 15 to December 15, 2024. The series began with an Introductory Grammar Session, led by Ms. Farzana Ismaeel, focusing on grammar fundamentals, with over 50 students participating. The Precis Writing Workshop, organized with DSA and IHA, was conducted by Mr. Waheed Shahzad, providing students with techniques for clear, concise writing. The Inaugural CSS Preparation Workshop, led by Dr. Muhammad Anwar Farooq, addressed essential CSS exam aspects and sparked insightful discussions. Faculty members, including Dr. Majid Rashid and Ms. Fatima Saleem, played an integral role, making the workshops highly impactful for CSS aspirants.

## ***GCU Hyderabad Delegation Visits KFUEIT for Faculty Development***

On July 11, 2024, a delegation from Government College University (GCU) Hyderabad, led by Dr. Abdul Razzak Larik and others, visited Khwaja Fareed University of Engineering and Information Technology (KFUEIT) Rahim Yar Khan during the Faculty Professional Development Exposure Visit 2024. Welcomed by Dr. Muhammad Sagir, the delegation toured key facilities and praised KFUEIT's achievements. Both institutions agreed to enhance collaboration, fostering academic and research excellence.

## Seminar on “Unveiling the Essence of Islam:

On November 26, 2024, a thought-provoking seminar titled “Unveiling the Essence of Islam: A Comprehensive Code of Life” was held at KFUEIT. The event featured Mr. Abdul Waris Gill, founder of Huqooq-Un-Nisa and President of the Human Rights Commission for new Muslims,

as the distinguished guest speaker. No doubt, Islam offers a complete and harmonious way of life, guiding individuals toward personal development and collective well-being. Events like these inspire our youth to explore and embrace the profound wisdom of Islam.

## Seminar on “Moral Values, Community Services and Character Building”

On November 30, 2024, the Alpine Club KFUEIT (ACK) Society organized an insightful seminar on “Moral Values, Community Services, and Character Building”, featuring a thought-provoking address by distinguished guest speaker Khawaja Aamad Amir Fareed Koreja. Vice Chancellor Prof. Ir. Dr. Amir Azam Khan personally met with the guest speaker and attendees, offering valuable insights on the seminar’s theme. He praised the organizers for emphasizing the importance of moral values and character building in fostering community development.

# Seminar on Nutrition During the First 1,000 Days

On December 19, 2024, The Institute of Food Science and Technology (IFST) at KFUEIT, in collaboration with the Pakistan Korean Nutrition Centre (PKNC), hosted a seminar on the critical role of nutrition during the first 1,000 days of life. The event featured expert presentations, hands-on training, interactive sessions, and resource dissemination, highlighting the impact of nutrition on brain development, growth, and immunity. Participants, including academics and healthcare professionals, appreciated the knowledge shared and its societal relevance. Prof. Ir. Dr. Amir Azam Khan, Vice Chancellor of KFUEIT, praised the initiative, emphasizing the university's dedication to societal well-being. The seminar concluded with a call to prioritize maternal and child health for a brighter future.

## KFUEIT Training Focuses on Mastering Business Communication Skills

On December 24, 2024, Professional capacity-building program at Khwaja Fareed University of Engineering and Information Technology (KFUEIT) focused on Business Communication, with sessions conducted by Dr. Syed Muhammad Javed Iqbal, Associate Professor at The Islamia University of Bahawalpur.

Dr. Javed Iqbal engaged participants in comprehensive discussions and interactive exercises on critical communication skills. The topics included Effective Written and Verbal Communication, Internal and External Communication and Overcoming Barriers, Digital Communication Skills and Professional Ethics, Preparation of Minutes of Meetings, Summary Report Writing, and Presentation Skills.

## Seerat-un-Nabi Seminar at KFUEIT Rajanpur Sub-Campus

On September 16, 2024, KFUEIT Rajanpur Sub-Campus hosted a profound Seerat-un-Nabi Seminar to honor the life and teachings of the Holy Prophet Hazrat Muhammad (PBUH). The event was attended by notable figures, including Deputy Commissioner Rajanpur Mr. Shafqat Ullah Mushtaq and Vice Chancellor Prof. Dr. Shahzad Murtaza. Prof. Dr. Muhammad Sagir, Director of the Sub-Campus, opened the seminar, which featured a Quranic recitation, a Naat, and a speech on the Prophet's (PBUH) transformative impact. The Deputy Commissioner praised the campus's successful launch, while the Vice Chancellor emphasized the importance of following the Prophet's teachings in daily life. The event concluded with the distribution of certificates and shields, reaffirming the community's commitment to His teachings.

## *Seminar on Social Media's Impact at KFUEIT Rajanpur Campus*

On November 03, 2024, Khwaja Fareed University of Engineering and Information Technology hosted a seminar on "Youth and Social Media" at its Rajanpur campus. The event was attended by Vice Chancellor Prof. Ir. Dr. Amir Azam, Deputy Commissioner Shafqatullah Mushtaq, MPA, Sardar Abdul Aziz Khan Dareshak, and other distinguished guests. Speakers discussed the dual nature of social media, highlighting its potential for youth development while addressing its negative societal impacts. Students actively participated in the discussions. The seminar concluded with certificate distributions and shields presented to the guests.

# Capacity Building Program for University Management

On December 23, 2024, Khwaja Fareed University of Engineering and Information Technology (KFUEIT), Rahim Yar Khan, successfully hosted a five-day Capacity Building Program for University Management in collaboration with the National Academy of Higher Education (NAHE) and the Higher Education Commission (HEC). The program aimed to enhance professional skills, promote institutional growth, and foster leadership excellence among university management.

The inaugural ceremony was graced by Pro Vice-Chancellor Prof. Dr. Shahzad Murtaza, who emphasized the significance of such training sessions in improving organizational efficiency and individual capacities. Ms. Noor Amna Malik, Managing Director of NAHE, HEC, addressed the event online, underscoring the importance of professional capacity building for institutional excellence.

During the program, the third day's session focused on critical topics, including technology integration, data-driven decision-making, fostering a culture of lifelong learning, effective policy formulation, leadership styles, teamwork, and succession planning. Dr. Aqsa Shabbir, Associate Professor at Lahore College for Women University, conducted the session and provided participants with actionable insights to enhance leadership and organizational strategies.

The program also featured interactive workshops, group discussions, and scenario-based activities, enabling participants to apply the concepts in real-life contexts. Experts from diverse fields shared their experiences, offering practical advice on addressing modern administrative challenges. Participants commended the program for its depth, structure, and focus on real-world applications, describing it as a transformative learning experience.

The sessions fostered a sense of collaboration, inspiring participants to implement innovative approaches within their respective departments. KFUEIT reaffirmed its commitment to equipping its management with cutting-edge knowledge and skills, contributing to the university's vision of academic and administrative excellence. By the program's conclusion, the participants expressed gratitude for the opportunity to grow both professionally and personally.

## Unveiling the Secrets of Forensic Science

On December 5, 2024, under the supervision of Director and Associate Dean Dr. Jallat Khan, the Institute of Biological Sciences hosted an insightful webinar on Forensic Science. The guest speaker, Mr. Muhammad Imran, Manager of the Toxicology Department at Punjab Forensic Science Agency, shared his expertise on topics ranging from crime scene investigation to DNA analysis. Students were captivated by his engaging presentation and actively participated with thoughtful questions, making the session highly interactive and enlightening.

## Seminar on “Mastering IELTS” by SEES

On December 03, 2024, the Society of Engineering and Emerging Sciences (SEES) hosted an engaging seminar on the IELTS exam, featuring Engr. Muhammad Zahid as the keynote speaker. He shared valuable strategies and expert tips for excelling in the test. Engr. Hammad Khalid, Advisor SEES, and Engr. Yasir Yasin enriched the session by sharing their personal experiences and offering practical guidance to help participants navigate the preparation process effectively. The seminar provided a comprehensive roadmap for IELTS success.

## KFUEIT Kicks Off Fall 2024 Semester with a Warm Orientation Day

On September 9, 2024, Khwaja Fareed University of Engineering and Information Technology (KFUEIT) celebrated the start of the Fall 2024 semester with a vibrant Orientation Day. New students from all departments were welcomed, with dedicated counters offering valuable guidance and support. Dr. Muhammad Sagir engaged with the students to ensure a seamless onboarding experience. Vice Chancellor Prof. Dr. Shahzad Murtaza addressed the freshers, inspiring them to maximize their academic journey. The event ended on a high note, leaving students excited and ready for the challenges ahead.

# Comprehensive Security Drill in KFUEIT

On December 31, 2024, The Security Department of Khwaja Fareed University of Engineering and Information Technology (KFUEIT) conducted a mock exercise to enhance preparedness for emergency situations. This drill was organized in collaboration with the Rangers, Elite Force, Police, Special Branch, Security Branch, CTD, Civil Defense, Bomb Disposal Squad, Rescue 1122, and Sheikh Zayed Hospital. Representatives and officials from these organizations, along with KFUEIT students and faculty, actively participated in the exercise.

The purpose of the exercise was to ensure foolproof security on campus and prevent any untoward incidents. On behalf of Vice Chancellor Prof. Ir. Dr. Amir Azam Khan, Registrar Prof. Dr. Muhammad Javed Iqbal expressed gratitude to all participating organizations. He praised the performance of personnel from the Rangers, Elite Force, Police, Special Branch, Security Branch, CTD, Civil Defense, Bomb Disposal Squad, and Rescue 1122. The Registrar also acknowledged the efforts of Chief Security Officer Dr. Adnan Khaliq Bajwa and his team, including Muhammad Taj, Muhammad Shahzad, and Muhammad Jameel, for their exemplary execution of the exercise. He emphasized that KFUEIT prioritizes the safety and security of its students, staff, and faculty, ensuring that no compromise is made in this regard. He also directed the implementation of suggestions provided by various representatives to further enhance campus security.

At the conclusion of the event, shields and certificates were distributed among representatives of the participating organizations. Key representatives included Muhammad Yahya (Rangers), Additional SHO Usama Lar (Police), Muhammad Akram (Elite Force), Hussain Raza Nizami and Rizwan Warraich (Security Branch), Farhan Jilani (Rescue 1122), Khizar Ahmed (Special Branch), Tufail Zia (Civil Defense), and M. Amir (CTD).

# Student Activities

## Solidarity Walk for Kashmiri People

On October 27, 2024, the KFUEIT Ethics and Tolerance Society organized a solidarity walk to honor the resilience of the Kashmiri people, who have endured illegal Indian occupation since 1947. The walk highlighted the ongoing plight of Kashmir's residents, who face severe violations of basic human rights under the presence of over 900,000 Indian soldiers, effectively turning Indian-occupied Kashmir into a prison. This event reaffirmed KFUEIT's commitment to raising awareness about global injustices and advocating for human rights and tolerance.

## Participation in Artificial Intelligence and Industrial Advancement Exhibition and Expo

On November 10, 2024, the Higher Education Department of South Punjab hosted the inaugural Artificial Intelligence and Industrial Advancement Exhibition and Expo in Multan, marking a significant step toward fostering collaboration between academia, industry, and government. KFUEIT made a strong impression at the event, showcasing 26 innovative student projects. Among these, "Resilient Recyclables" received considerable attention for its sustainable approach to addressing plastic waste.

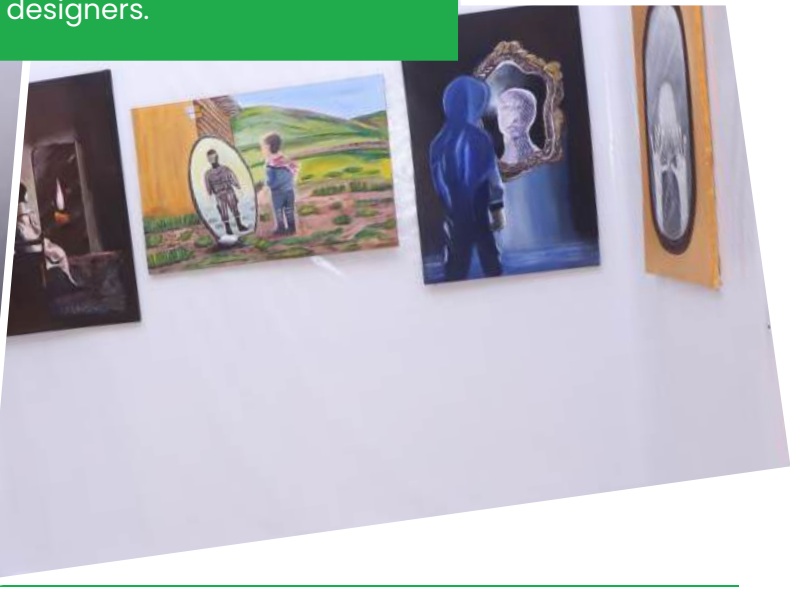

The exhibition provided a platform for investors and industry leaders to explore the potential for commercializing these innovative projects, creating opportunities for real-world impact. KFUEIT's active participation underscored its commitment to advancing research and innovation, driving meaningful solutions for a sustainable and technologically advanced future.

## *Final Year Project Exhibition*

Presenting to you the captivating artwork from the Final Year Project Exhibition of Fine Arts and Textile Design, which was held on November 5, 2024, at KFUEIT. The exhibition showcased the remarkable creativity and innovation of graduating students, leaving the audience in awe. It served as a platform to celebrate artistic talent and inspire future designers.

## ***CBS Organizes Speech Competition***

On November 7, 2024, the Character Building Society (CBS) at Khwaja Fareed University of Engineering and Information Technology (KFUEIT) successfully hosted a speech competition, featuring categories in both Urdu and English. The event saw enthusiastic participation, with over 30 students competing and an audience of more than 200 students and faculty members.

The participants impressed the audience with their eloquence and thought-provoking speeches, earning praise for their confidence and articulation. The event highlighted the importance of such activities in fostering public speaking skills, self-assurance, and leadership qualities among students. The initiative was lauded as a significant step toward nurturing the university's academic and cultural environment.

## **Plantation Drive under PM Youth Programme**

On November 7, 2024, the GYM Club at KFUEIT carried forward its plantation efforts as part of the Prime Minister's Youth Programme initiative. Saplings were planted across the campus, reinforcing the university's commitment to environmental sustainability. The drive saw enthusiastic participation from faculty members, students, GYM Club members, staff from the Climate Smart Agriculture Accelerator Program, and representatives from the local NGO 'LASOONA'. This collective effort reflects a shared dedication to creating a greener and more sustainable KFUEIT campus.

## ***Friendly Badminton Championship***

On October 12, 2024, the Directorate of Sports and the Hostel Department at Khwaja Fareed University of Engineering and Information Technology (KFUEIT) successfully hosted a friendly badminton championship, uniting Day Scholars and hostel students in a spirited competition. The event, held at the university's sports complex, aimed to promote physical activity while fostering teamwork and camaraderie among participants. The lively atmosphere energized both players and spectators, making it an enjoyable and memorable experience for all involved. The championship featured both singles and doubles matches, showcasing the impressive skills and sportsmanship of the students. The event concluded with an award ceremony where winners were celebrated for their outstanding performances. Such initiatives reflect KFUEIT's commitment to nurturing not only academic excellence but also the physical and social well-being of its students.

## Inauguration & Oath Ceremony of KFSCE 2024-25

On 13 November 2024, the Khwaja Fareed Society of Civil Engineering (KFSCE) held a successful inauguration and oath-taking ceremony. The event was presided over by Dr. Naveed Anjum, Head of the Civil Engineering Department. During the ceremony, Engr. Naveed Ishaq administered the oath to Ahmed Saboor, the newly elected President of KFSCE.

President Ahmed Saboor then administered the oath to the remaining society members, symbolizing their commitment to serve the Civil Engineering Department with dedication and integrity. To commemorate this significant occasion, a cake-cutting ceremony was held, marking the start of a productive and successful term for the KFSCE.

## KFUEIT Students Advocate for a Corruption-Free Pakistan

On November 06, 2024, the Character Building Society at KFUEIT organized a training session in collaboration with NAB to educate students on anti-corruption practices. NAB officials highlighted the significance of integrity and accountability, presenting real-life case studies and inspiring students to actively contribute to a corruption-free Pakistan. The session equipped students to serve as ambassadors of change, dedicated to promoting a transparent and ethical society.

## Civil Engineering Students Lead Fire Extinguisher Awareness Activity

Students of the Civil Engineering Department conducted an “Environment Health Safety” Activity on December 3, 2024, focused on Fire Extinguisher Awareness. The session highlighted the critical role of fire extinguishers in addressing sudden fires on

construction sites, which often involve hazards like welding, electrical work, and flammable materials. Participants demonstrated how portable extinguishers can effectively control small fires before they escalate into serious threats.

## Prime Minister’s Youth Program: GYM Club Leads Campus Clean-Up Drive

On December 05, 2024, the GYM Club at KFUEIT proudly organized a Clean-Up Drive across the campus under the Prime Minister’s Youth Program initiative. This collective effort brought together enthusiastic participation from students, GYM Club members, and the local NGO ‘LASOONA.’ Everyone contributed to making the campus cleaner and more welcoming.

## ***RC Thunder Cup Unites RC Racing Enthusiasts***

On December 11, 2024, The Society of Engineering and Emerging Sciences successfully organized the highly anticipated RC Thunder Cup today. The event brought together remote control car enthusiasts from various backgrounds for an exhilarating day of intense racing and strategic challenges.

Participants showcased their skills and passion for RC racing, creating an atmosphere full of energy and excitement. Whether seasoned professionals or enthusiastic newcomers, everyone enjoyed the thrill of competition in a vibrant and engaging environment.

The RC Thunder Cup proved to be a memorable event, highlighting the spirit of innovation, sportsmanship, and fun within the RC racing community.

## **A Tribute to Pakistan's Martyrs: Celebrating Patriotism at KFUEIT**

On September 6, 2024, the Class Theatre was alive with patriotism as the CSS Club hosted an event to honor Pakistan's courageous martyrs. The atmosphere buzzed with enthusiasm, as students and advisors united to celebrate the nation's heroes. Renowned speaker Abdullah Gul, whose family has a rich legacy of military service, shared insights on Pakistan's challenges and proud history. A Q&A session followed, showcasing the students' intellect and confidence. With speeches, patriotic songs, and inspiring advice from Mr. Muneebullah, Mr. Waheed Shahzad, and Mr. Usman Afzal, the event underscored the power of unity and national pride.

## ***Female Hostel Students Unite to Promote a Drug-Free Campus Environment***

On November 21, 2024, under the supervision of Hostel Warden Dr. Shazia Andaleeb, the Girls Hostels (Fatima Hall and Maryam Hall) organized an impactful Anti-Drug Awareness Walk. Dr. Shumaila, Dr. Fozia, Dr. Sunbal, Ms. Noor ul Ain, Ms. Nazia, Ms. Qurat ul Ain, and Ms. Fatima Saleem guided students to participate actively. The walk enlightened the students on the dangers of drugs, empowered them to adopt a drug-free lifestyle, and highlighted their role in fostering a safe, substance-free community.

## Industrial Tour to Topsun Chemicals Pakistan

On September 13, 2024, The Institute of Biological Sciences recently organized an industrial tour for the students of Biotechnology to Topsun Chemicals Pakistan, a renowned Agro chemical company. The students along with the faculty members of IBS explored the facility and gain hands-on experience in the industry. During the visit, the students were briefed about the company's operations, products, and services. They also had the opportunity to visit the Quality Control (QC) lab and production unit, where they learned about the latest technologies and techniques used in the Agro chemical industry.

At the end of the session on the behalf of Director Institute and Associate Dean Dr jallat Khan, Mr. Kashif Kareem program coordinator BS Biotechnology, presented a shield to the Chief Operating Officer (COO) of Topsun Chemicals Pakistan as a token of appreciation for their hospitality and support.

## Orientation Ceremony for SPISD Batch-9 Trainees

On December 17, 2024, the South Punjab Institute of Skills Development (SPISD) held an orientation ceremony at KFUEIT, Rahim Yar Khan, for the new trainees of SPISD Batch-9 short courses. Engr. Dr. Ahmed Sohaib, In-charge SPISD, extended a warm welcome to the trainees, providing valuable insights into the training pathways to support and guide them on their skill development journey.

## Industrial Tour to Asia Ghee Mills

On December 15, 2024, The Institute of Biological Sciences recently organized an industrial tour to Asia Ghee Mills, a leading manufacturer of edible oils in Pakistan. This tour was designed to provide our students with hands-on experience and practical insights into the edible oil industry. During the visit, our students were warmly received by the management and staff of Asia Ghee Mills. They were given a comprehensive overview of the production process, from raw material sourcing to final product packaging. Our students also had the opportunity to interact with industry experts and learn about the latest technologies and trends in the edible oil industry.

## Summit on: “Addressing the escalating risks of proxy conflicts in the Middle Eastern Syrian Crisis through Diplomatic Efforts and International Cooperation to promote Peace and Stability in the region

On December 20, 2024, KFUEIT International Relations Society organized a Model United Nations Summit addressing proxy conflicts in the Middle Eastern Syrian Crisis through diplomacy and international cooperation. The event aimed to enhance students’ problem-solving skills and deepen their understanding of global crises. Participants, representing various states, discussed the Syrian crisis, presented state-aligned perspectives, and proposed solutions. The Summit concluded with a resolution advocating the withdrawal of external forces from Syrian territory, promoting peace and stability in the region.

## Final Year Project-I Exhibition (Computer Science)

On December 20, 2024, The Institute of Computer Science held the Final Year Project-I Exhibition, as part of the students’ project evaluation process. Seventh-semester students of BSCS presented their projects and delivered poster presentations to attendees at the ICT Building. Faculty members conducted panel evaluations based on criteria such as idea pitching, project feasibility, business model, requirement engineering, and overall system design. Distinguished guests included Associate Dean Engr. Dr. Badar ul Islam, Director Student Affairs, Dr. Aslam Khan and Dr. Saleem Ullah. Director Institute of Computer Science, Engr. Dr. Ahmed Sohaib welcomed the guests and encouraged the students and their supervisors for their efforts. He also appreciated the efforts of FYP Coordinator Ms. Madiha Rehman and Chief Coordinator of CS Dr. Humaira Anwer in arranging the activity.

# Annual Sports Gala

On 17th December 2024, Vice Chancellor Prof. Ir. Dr. Amir Azam Khan inaugurated KFUEIT's vibrant Sports Gala. The Physical Education department excelled with six wins, including football, volleyball, and handball. Agriculture secured two victories, while IBA and Humanities triumphed in cricket. Bio Science and Computer Science each claimed one win, showcasing remarkable sportsmanship.

## Final Year Project-II Exhibition (Information Technology)

On December 23, 2024, The Institute of Information Technology held the Final Year Project-II Exhibition as part of the students' external project evaluation process. Eighth-semester students of BS-IT presented their projects and delivered poster presentations to attendees at the ICT Building. External evaluators conducted panel evaluations based on criteria such as design and implementation,

modern tools, impact on society, professional ethics, project management and teamwork, presentation, and documentation.

Distinguished guests included Zia Ahmed, CEO of GenWizz Solutions; Muhammad Nabil, founder of Semantic Solutions; Abdul Rehman, CEO at Semantic Solutions; and Umer Shafique, etc

## *KFUEIT Youth Parliament' Society Hosts Thought-Provoking Debate on Social Media's Impact on Democracy*

The KFUEIT Youth Parliament Society successfully organized an engaging and insightful debate session on December 23, 2024, addressing the timely and relevant topic: 'Social Media: A Boon or Bane for Democracy in Pakistan'. The event garnered enthusiastic participation from both students and faculty members, creating an environment of dynamic discussion and critical analysis.

The debate was further enriched by the presence of distinguished guests, including Dr. Jam Muhammad Zafar, Dr. Mehwish Muzaffar, Mr. Ehsan Ali, and Mr. Zain ul Abdeen. Their expert insights provided valuable perspectives, enhancing the depth of the dialogue and fostering an atmosphere of intellectual engagement. Participants showcased exemplary debating skills, presenting well-researched arguments and engaging in thoughtful discourse on the implications of social media on democratic processes in Pakistan.

# Welcome Party for Institute of Mathematics

On December 25, 2024, The Institute of Mathematics at Khwaja Fareed University of Engineering and Information Technology (KFUEIT) organized a Welcome Party for newly admitted students and a Farewell Party for final semester students.

The event was graced by the presence of Pro Vice Chancellor Prof. Dr. Shahzad Murtaza, along

with esteemed guests including Dr. Muhammad Sagir (Dean of All Faculties), Dr. Yasir Niaz, Dr. Aslam Khan, Dr. Jallat Khan, Dr. Shahid Attique, Dr. Ahmed Sohaib, and Dr. Badr-ul-Islam. Dr. Faisal Sultan, Head of the Institute of Mathematics, expressed gratitude to the distinguished guests for their participation, making the event memorable for students and faculty alike.

## 13th ESPiCSE

13th ESPiCSE held on 24th December 2024 in ICT and Computer Engineering building. Over 50 students projects in the category of Hardware Design and Software Design were showcased. Visitors including Staff, students and delegates from Academia and IT industry visited the students stalls. Pro Vice Chancellor, Prof. Dr. Shahzad Murtaza was the chief guest of the closing ceremony. Director Institute of Computer and Software Engineering, Engr. Dr. Ahmed Sohaib, welcomed guests of honors and appreciated the efforts of students and their supervisors in maintaining the quality of projects being developed in the institute.

## Urdu Drama Competition Sparks Creativity at KFUEIT

On November 8, 2024, the Character Building Society (CBS) at Khwaja Fareed University of Engineering and Information Technology (KFUEIT) successfully hosted an engaging Urdu competition, attracting an audience of over 200 students and faculty members. Organizers and faculty members emphasized the significance of such events in fostering confidence, leadership, and communication skills among students.

The competition also included captivating performances inspired by classic Urdu dramas, showcasing the depth and beauty of the language through theatrical expressions. These performances not only highlighted the participants' artistic abilities but also underscored the cultural significance of Urdu literature and drama. Such initiatives play a vital role in preserving and promoting the heritage of Urdu among the younger generation.

## KFUEIT Excels at CHEMATHON 3.0!

Students of Chemical Engineering showcased their brilliance at CHEMATHON 3.0, organized by AIChE COMSATS Lahore on 19-20 December, 2024. The team of KFUEIT secured the top position in one module (ChemSruction) out of five (AspenAce, ChemHackathon, ChemSruction, Chem Crime Investigation, and Brainstorm blitz) and achieved an impressive overall third position, surpassing renowned institutions from across Pakistan, including NUST, PU, UET, Minhaj, University of Wah etc. with multiple teams.

A huge congratulations to our incredible team for their outstanding performance and for making us proud on a national stage! Special thanks to the management and all faculty members for their continuous support and encouragement in making this possible.

# ***WVC Prof. Ir. Dr. Amir Azam Khan Congratulates KFUEIT Student on Winning NAB Multan Poetry Competition and Presents Award***

On December 6, 2024, Soha Tariq, a student from the Institute of Humanities and Arts at KFUEIT, secured 1st place in the prestigious “NAB Multan Inter-University English Poetry Competition 2024.” Vice Chancellor Prof. Ir. Dr. Amir Azam Khan presented her with a certificate of appreciation, congratulating her on this remarkable achievement. He praised her dedication and highlighted the importance of such competitions in fostering creativity and promoting intellectual growth among students. Soha’s success brought pride to the university and served as an inspiration to her peers.

Her prize-winning poem reflects the profound theme that free will in this world does not exempt us from accountability in the afterlife. It emphasizes living a life mindful of our actions, words, and deeds, as we are ultimately answerable to God.

## ***The Price of False Gold***

*Knock, knock—on my soul’s frail door,  
“Who’s there?” I ask, my heart craving more.  
“Success,” they whisper, voices slick,  
My tired eyes brighten, pulse beats quick.*

*A dream I’ve chased, so long denied,  
A desperate flame, now burning wide.  
But “Stop,” they hiss, shadows entwined,  
“It comes with a cost—leave your morals behind.*

*Let go of your values, your principles, grace,  
Trade in your boundaries for wealth’s embrace.  
Surrender your soul, let us lead you astray,  
Live lavishly now; you’ll pay another day.”*

*My trembling hands, eager and blind,  
Grasp at the gold, leave conscience behind.  
I revel, I feast, on pleasures unearned,  
While the flame of my integrity silently burned.*

*But the day comes swiftly, my empire falls,  
Echoes of ruin through empty halls,  
They come for my soul as darkness calls.  
I shiver and quake, hope’s flame long fled,  
Surrounded by shadows, the past I dread*

*I see my end, the truth I betrayed,  
The price of a fortune so falsely made.  
My God awaits, eternity’s gate,  
The afterlife whispers a damning fate.*
