Editorial Policy

The KFUEIT Newsletter is committed to providing insightful and engaging content that reflects the university's achievements, activities and vision. All submissions must adhere to ethical standards, ensuring clarity, relevance and respect for diverse perspectives.

Editor's Note

Dear Readers,

It is a pleasure to present the latest edition of the KFUEIT Newsletter, with a special focus on the university's initiatives in research and innovation. This issue also highlights key developments in science and technology, along with the facilities and opportunities available to students.

Since its establishment in 2014, KFUEIT has grown into a dynamic academic institution, offering diverse programs and gaining recognition on national and international platforms. The achievements of our students and the research contributions of our faculty reflect the university's commitment to academic excellence and innovation.

This edition provides a snapshot of academic milestones, research collaborations and co-curricular activities that enrich campus life. As we move forward, KFUEIT remains dedicated to empowering students with knowledge, skills and a vision for the future.

We hope you find this edition informative and engaging.

HISTORY

of

Khwaja Fareed University of Engineering and Information Technology (KFUEIT)

Khwaja Fareed University of Engineering and Information Technology (KFUEIT), located in Rahim Yar Khan, Pakistan, was established in 2014 with the vision of promoting education and technological innovation in the region. Named after the renowned Sufi poet and scholar Khwaja Ghulam Fareed (RA), the university reflects his legacy of enlightenment, cultural heritage, and intellectual pursuit. Founded to meet the educational and professional demands of Southern Punjab, KFUEIT began its journey with a modest range of programs. Over the years, it has experienced remarkable growth, now offering an extensive array of undergraduate, graduate and doctoral programs across disciplines such as engineering, computing, sciences, management, and humanities.

The university boasts state-of-the-art facilities, modern laboratories, and a spacious campus designed to foster both academic excellence and extracurricular engagement. KFUEIT has emerged as a hub for research, innovation, and industry collaboration, attracting aspiring professionals and researchers from across the country.

Through its unwavering commitment to academic excellence, community development, and sustainable practices, KFUEIT continues to transform the educational landscape of the region. The university plays a vital role in advancing knowledge and contributing to the socio-economic progress of Pakistan.

01 HIGHLIGHTS

National Academicians Convene at HEAD's Seminar on Higher Education's Contribution to Economic Growth

On July 1, 2025, Khwaja Fareed University of Engineering and Information Technology (KFUEIT) representatives participated in a seminar titled "Role of Higher Education in the Economy", organized by HEAD (Higher Education Advocacy and Development). The event brought together leading scholars, educationists, and policymakers to discuss the pivotal role universities play in fostering economic growth through research, innovation, and the development of skilled human capital. Prof. Ir. Dr. Amir Azam Khan, Vice Chancellor KFUEIT, highlighted the importance of equipping graduates with the knowledge and skills needed to address modern economic challenges. He also stressed that higher education investment not only enhances individual potential but also contributes to national development by generating research-driven policy solutions.

The seminar featured thought-provoking presentations and panel discussions by distinguished academics and administrators including Dr. Omer Chaudhary, Dr. Shazia Bashir, Dr. Saleem Mazhar, Dr. Talat Naseer Pasha, Dr. Nizam, Dr. Khalid Mehmood, Dr. Mahboob Hussain, Dr. Shahid Farooq, Dr. Muhammad Afzal, Dr. Anjum Tahira, Dr. Abdul Qadir Mushtaq, Dr. Badar, and many others. Supervised by Naeem Masood and Majeeb ur Rehman Shami, the session encouraged dialogue on innovative strategies to strengthen the education–economy connection. Attendees also explored ways to promote collaboration between universities and industry, emphasizing research commercialization, entrepreneurship, and curriculum modernization. The event concluded with interactive discussions, leaving participants inspired and motivated to implement actionable ideas that support the country's higher education and economic development goals.

WDD AND KFUEIT LAUNCH “UNITE TO END DIGITAL VIOLENCE AGAINST WOMEN AND GIRLS” CAMPAIGN

On November 25, 2025, Khwaja Fareed University of Engineering and Information Technology (KFUEIT), in collaboration with the Women Development Department (WDD), Punjab, launched the global "16 Days of Activism against Gender-Based Violence" campaign under the theme "UNITE to End Digital Violence Against Women and Girls." The initiative aims to raise awareness about online harassment and empower women and girls to protect themselves from digital abuse. The campaign began with a Solidarity Walk from the Civil Building to the Vice Chancellor Secretariat, where students carried banners advocating an end to gender-based violence, demonstrating collective support for a safer digital environment. The event also included interactive activities, awareness stalls, and informative displays to engage participants and provide practical guidance on digital safety.

Following the walk, an Awareness Seminar was held featuring speakers including Ms. Arisha Aziz, Dr. Urooj Burhan, Mr. Zahid Khan Bangash, Ms. Fatima Binte Tahir, and Mr. Suraj Kumar. They highlighted the challenges women face online, encouraged reporting incidents, and emphasized the importance of pursuing legal action against offenders. Vice Chancellor Prof. Dr. Aamir Azam Khan condemned all forms of violence, stressing gender equality and ethical digital conduct. Dr. Sidra Ghazanfar, along with faculty and staff, actively supported the campaign, reinforcing its goal of fostering societal change, protecting women and girls, and promoting a responsible, safe, and inclusive digital space for all. The program concluded with calls for continued engagement, community participation, and long-term initiatives to strengthen online safety and empowerment.

Chief Minister Laptop Distribution Ceremony at University

On December 18, Khwaja Fareed University of Engineering & Information Technology hosted a dignified Laptop Distribution Ceremony in line with the vision of Chief Minister Punjab, Maryam Nawaz. The event marked the distribution of 601 laptops among meritorious students, aiming to support their academic growth and promote digital learning across the university. Students from various departments participated with great enthusiasm, highlighting the growing role of technology in modern education.

The initiative was warmly welcomed by students, who viewed it as a valuable support for their studies and skill development. Faculty members and administrative officials were also present, encouraging students to use the laptops responsibly for learning and innovation. The university administration expressed optimism about the program's long-term impact on academic performance and digital inclusion.

University Celebrates Vice Chancellor's First Year of Service

On 24 September 2025, a graceful ceremony was held to mark the completion of one year of service by Vice Chancellor Prof. Ir. Dr. Amir Azam Khan, bringing together faculty, administrative officials, and departmental heads. The gathering highlighted major initiatives introduced over the past year and reflected on a shared vision for continued institutional progress. Attendees included Pro Vice Chancellor Prof. Dr. Shahzad Murtaza, Registrar Prof. Dr. Javed Iqbal, Dean Prof. Dr. Muhammad Sagir, and other senior officials.

During the ceremony, the Vice Chancellor emphasized the significance of teamwork in strengthening academic and administrative performance. He noted improvements in governance practices, debt-free budget management, and developments such as employee allowances, the e-Office system, transport e-Tagging, expanded internship opportunities, and progress in Selection Boards. The attendees expressed confidence in the university's direction and reaffirmed their commitment to supporting its ongoing development.

Engineering Fest 2025 Marks Innovation and Department Accreditations

The Engineering Fest 2025, held on 16th December, celebrated innovation, creativity, and engineering excellence. The fest highlighted the university's achievement in Pakistan Engineering Council accreditation for BS programs in Agricultural, Computer, Electrical, Civil, and Mechanical Engineering, underscoring a commitment to high standards in engineering education.

The Worthy Vice Chancellor, Prof. Ir. Dr. Amir Azam Khan, graced the occasion as chief guest, praising faculty dedication and students' innovative spirit. The event was attended by senior administration, faculty heads, and numerous members of the engineering community, making it a memorable celebration of academic excellence.

02 STRATEGIC MEETINGS

17th Syndicate Meeting of KFUEIT Held at PHEC Lahore

The first session of the 17th Meeting of the Syndicate of Khwaja Fareed University of Engineering & Information Technology (KFUEIT) was successfully held on September 10, 2025, at the PHEC Arfa Kareem Tower, Lahore. Subsequently, the second session of the meeting was held on October 07, 2025, to continue deliberations on key academic and administrative matters of the University.

The first session was steered by Dr. Iqrar Ahmed Khan, Chairman PHEC, under the chairmanship of Rana Sikandar Hayat, Minister for Higher Education, with the participation of Prof. Ir. Dr. Amir Azam Khan (Vice Chancellor, KFUEIT, Rahim Yar Khan), Prof. Dr. Shahzad Murtaza (Pro-Vice Chancellor, KFUEIT, Rahim Yar Khan), Engr. Dr. Javed Iqbal (Registrar, KFUEIT, Rahim Yar Khan), Ms. Zahida Azhar (Additional Secretary, Higher Education Department), Ms. Ishrat Ashraf (MPA, W-299), Mr. Rais Nabeel Ahmad (MPA, PP-267), Mr. Mahmood Ahmed (MPA, PP-257), Prof. Dr. Muhammad Inayatullah Khan (Vice Chancellor, UET Taxila), Engr. Sadia Masood (Director, Technology Upgradation & Skills Development Company, Lahore), Engr. Fatima Awan (Network Specialist, Jazz Pakistan), Engr. Prof. Dr. Shahid Ali (Professor, FAST-NUCES, Lahore), Engr. Muhammad Irfan Jamil (Head Denim Dry Operations & Projects, Sapphire Fibres Limited), Engr. Dr. Safee Ullah Chaudhary (Associate Professor, LUMS Lahore), Dr. Sadiq Hussain (Nominee of Chairman PEC), and Dr. Muhammad Ashraf (Nominee of HEC).

The meeting focused on key administrative and strategic matters, including important decisions regarding merit-based appointments of faculty and statutory positions, as well as the approval of the budget for FY 2025–26, aimed at strengthening governance and supporting the future development of KFUEIT.

KFUEIT Expands Global Footprint through High-Level Academic Engagements in Malaysia

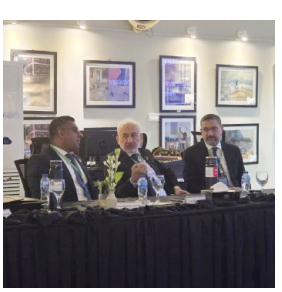

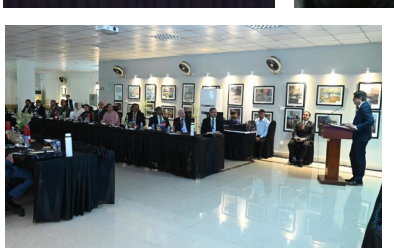

On July 2025, Prof. Ir. Dr. Amir Azam Khan, Vice Chancellor of Khwaja Fareed University of Engineering and Information Technology (KFUEIT), Rahim Yar Khan, strengthened the university's international presence through a series of high-profile academic engagements in Malaysia. During his visit to the Institute for Advanced Studies, Universiti Malaya, Prof. Khan met Prof. Dr. Ramesh Singh, Deputy Vice Chancellor, to explore prospects for research collaboration, higher education initiatives, and student exchange programs. A presentation highlighting KFUEIT's key achievements and innovations—including its growth in engineering education, research output, and community engagement—was shared and highly appreciated by the Malaysian hosts. Later, on 16, at the International College of Advanced Technology Sarawak (i-CATS UC), Prof. Khan delivered an insightful lecture titled "Leadership vs Management: A Comparison of Strategic and Operational Decision-Making Processes." The talk attracted students, faculty, and professionals, who praised his deep analysis of leadership vision and managerial execution.Prof. Khan emphasized that institutional excellence lies in aligning strategic foresight with operational discipline. "The strength of an institution lies in balancing vision with execution," he stated.

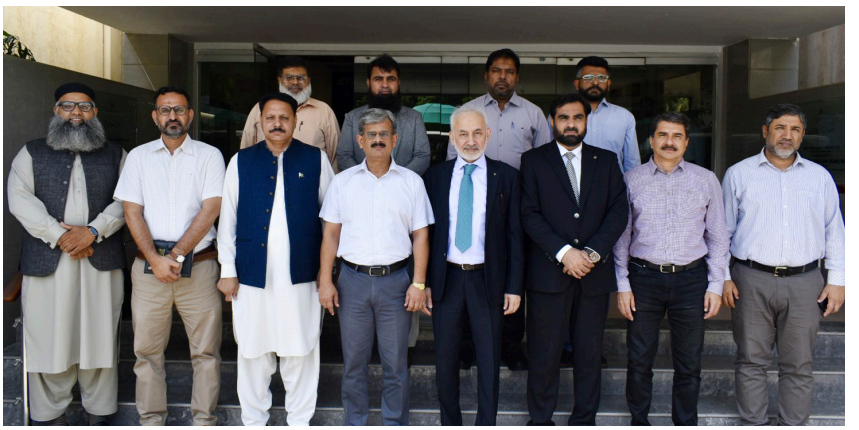

Vice Chancellor Participates in Transformative Leadership & Strategic Management Programme

In August 2025, the Worthy Vice Chancellor, Prof. Ir. Dr. Amir Azam Khan, attended the "Transformative Leadership & Strategic Management Programme for Vice Chancellors" at the Civil Services Academy, organized by the Punjab Higher Education Commission (PHEC) in collaboration with CSA. The programme focused on enhancing leadership and strategic management skills for university heads. His participation reflects KFUEIT's commitment to strengthening leadership capacity, aligning academic administration with national higher education priorities, and promoting effective governance in universities. The programme also provided a valuable platform for dialogue, experience sharing, and collaboration among vice chancellors from across the country. The programme brings together vice chancellors from various institutions to participate in specialized training sessions designed to cultivate progressive leadership qualities and effective strategic planning within the higher education sector. Organizers hope this programme will encourage academic leaders to implement innovative strategies at their respective universities, ultimately raising standards in Punjab's higher education system.

University Delegation Visits FFC to Boost Industry Collaboration

On 18 September 2025, a high-level KFUEIT delegation, led by Vice Chancellor Prof. Ir. Dr. Amir Azam Khan, visited the Fauji Fertilizer Company (FFC) plant to enhance collaboration between academia and industry. The delegation, including Pro Vice Chancellor Prof. Dr. Shahzad Murtaza, Dean Prof. Dr. Muhammad Sagir, Director ORIC Dr. Saif Ur Rehman, and other senior faculty, was warmly welcomed by Brig (R) Shahzad Akram and the FFC management team.

Discussions focused on developing student exchange programs, industrial exposure visits, and joint CSR initiatives to bridge the gap between classroom learning and practical experience. The Vice Chancellor emphasized the importance of preparing graduates for the professional world, while Brig (R) Shahzad Akram highlighted FFC's commitment to supporting academic institutions and fostering future talent. Both sides expressed enthusiasm for a sustained partnership that combines academic excellence with industrial innovation.

11th Academic Council Meeting at KFUEIT Focuses on Academic Reforms and Research Enhancement

On 31st December 2026, 11th Academic Council meeting was held at Khwaja Fareed University of Engineering & Information Technology (KFUEIT), Rahim Yar Khan, under the chairmanship of Vice Chancellor Prof. Ir. Dr. Amir Azam Khan, where key academic and research-related policies were discussed and approved. The meeting was attended by Pro Vice Chancellor Prof. Dr. Shahzad Murtaza, Registrar Prof. Dr. Javaid Iqbal, Directors, Heads of Departments, and other statutory members, who reviewed matters related to curriculum revision, examination regulations, quality assurance mechanisms, and faculty development initiatives.

Several proposals related to new academic programs, research promotion, and student assessment frameworks were deliberated in detail. Emphasis was placed on aligning academic standards with national regulatory requirements and contemporary higher education trends. The Council also discussed measures to strengthen research culture, interdisciplinary collaboration, and effective governance. The Vice Chancellor appreciated members' input and reaffirmed commitment to academic excellence.

WVC Prof. Ir. Dr. Amir Azam Khan Visits Times University Multan

On October 10, Prof. Ir. Dr. Amir Azam Khan visited Times University Multan for his first official engagement as a member of the university's Board of Governors, following his appointment by the Governor of Punjab. During the visit, he met with Chairman Muhammad Sarfraz Muzaffar, senior management, and faculty members to discuss academic advancement, quality enhancement, governance, research development, and collaborative initiatives aligned with regional and national educational needs, while the university administration expressed confidence in his leadership and anticipated valuable contributions to the institution's future growth and excellence.

DC Rajanpur and Senior Journalist Naeem Masood Visit KFUEIT

On October 03, Khwaja Fareed University of Engineering and Information Technology (KFUEIT), Rahim Yar Khan, hosted Deputy Commissioner Rajanpur Mr. Shafqat Ullah Mushtaq and senior journalist Mr. Naeem Masood, who were warmly welcomed by Vice Chancellor Prof. Ir. Dr. Amir Azam Khan. The visit included discussions on the role of higher education in regional development, with particular focus on the progress of the KFUEIT Rajanpur Campus. The guests appreciated the university's contributions to South Punjab, its provision of accessible and industry-relevant education, and its commitment to strengthening educational facilities in remote areas, while expressing confidence in KFUEIT's vision for sustained educational growth across the region.

Vice Chancellor Visits KFUEIT Rajanpur Sub Campus to Monitor Student Welfare and Academic Progress

On October 13, 2025, Prof. Ir. Dr. Amir Azam Khan, Vice Chancellor of KFUEIT, visited the Sub Campus Rajanpur to review academic progress, development projects, and institutional collaborations, and held an interactive session with students to address their concerns. During the visit, MoUs were signed with Saffi Lab and Huzaifa Clinical Lab to provide discounted laboratory services and research support, and the Vice Chancellor attended a seminar on regional economic growth, appreciated student presentations, and emphasized timely project completion and KFUEIT's commitment to excellence and regional uplift.

KFUEIT and Aror University Sign MoU to Foster Future Collaboration

On 26 November 2025, Khwaja Fareed University of Engineering and Information Technology entered into a new partnership with the Aror University of Art, Architecture, Design & Heritage, Sukkur. This MoU lays the foundation for collaborative learning, joint research, and a stronger academic exchange between the two institutions. The agreement brings both universities together in several key areas. It includes exchange and training opportunities for faculty, researchers, and technical staff, as well as joint participation in Art and Design exhibitions. The partnership also aims to establish a research consortium and promote collaborative R&D projects of national importance. In addition, it supports co-supervision of research students, joint conferences and academic events, the exchange of publications and archives, and enhanced access to research and teaching facilities.

The MoU was signed by Prof. Ir. Dr. Amir Azam Khan, Vice Chancellor KFUEIT, and Prof. Dr. Zahid Hussain Khand, Vice Chancellor Aror University, during a ceremony held at Aror University Sukkur. The event was attended by Pro Vice Chancellor Prof. Dr. Shahzad Murtaza, Dean of all Faculties Prof. Dr. Muhammad Sagir, Registrar Prof. Dr. Javed Iqbal, HoD Agriculture Engineering Dr. Yasir Niaz, Director ORIC Dr. Saif-u-Rahman, Director Academics Dr. Shahid Atiq, Director Student Affairs Dr. Aslam Khan, Additional Director IBA Dr. Abdul Rasheed, and Director IH&A Dr. M. Anwar Farooq. The KFUEIT delegation also toured the facilities at Aror University and commended the institution's steady progress and growing academic strength.

03 RESEARCH & INNOVATION

HEC Recognizes KFUEIT ORIC for Research and Innovation Progress

On 21 October 2025, the Office of Research, Innovation, and Commercialization (ORIC) at Khwaja Fareed University of Engineering and Information Technology (KFUEIT) was formally recognized by the Higher Education Commission (HEC) of Pakistan following a review visit by Engr. Abrar Ahmed, Deputy Director R&I, HEC. The review meeting, chaired by Dr. Kashif Munir, Controller of Exams, KFUEIT, featured a presentation by Engr. Dr. M. Saif Ur Rehman, Director ORIC, highlighting key achievements including research funding, ongoing projects, industry linkages, and international collaborations.

In the concluding session, Vice Chancellor Prof. Ir. Dr. Amir Azim Khan expressed gratitude for HEC's continued support, particularly through NRPU projects, and reaffirmed KFUEIT's commitment to strengthening research, innovation, and socio-economic development. He also emphasized the importance of expanding academia–industry collaboration to translate research outcomes into practical impact.

First ORIC Steering Committee Meeting to Advance Research and Innovation

On August 5, 2025, Khwaja Fareed University of Engineering and Information Technology (KFUEIT) held its first ORIC (Office of Research, Innovation, and Commercialization) Steering Committee meeting, chaired by Vice Chancellor Prof. Ir. Dr. Amir Azam Khan. The session focused on promoting research, innovation, and collaboration with industry partners. Director ORIC, Dr. M. Saif Ur Rehman, shared that over 15 research calls were shared with faculty, with projects worth PKR 40 million submitted and PKR 50 million already approved by funding agencies.

Industry representatives praised KFUEIT's efforts and suggested stronger links through R&D collaborations and internship opportunities. The committee approved the KFUEIT Research and IP Rights Policies 2025 and reviewed student-led innovations. Prof. Amir Azam Khan concluded the meeting by announcing plans for a Special Technology Zone on campus, emphasizing water, agriculture, and AI/IT as priority research areas.

ORIC Hosts KING Lecture on Turning Research into Marketable Innovation

On 19 November 2025, the Office of Research, Innovation, and Commercialization (ORIC) organized the third session of the KFUEIT Innovators Group (KING) Lecture Series, featuring a talk titled “Commercialize Your Research: From Lab to Market” by Prof. M. Wakil Shahzad. Faculty members attended to explore how research can move from laboratory concepts to impactful market solutions. Director ORIC Dr. M. Saif Ur Rehman welcomed the speaker and outlined the purpose of the KING initiative in promoting innovation. Prof. Shahzad emphasized resilience, strategic planning, and consistent lab funding as key drivers of successful commercialization. He encouraged faculty to pursue industry-aligned research and remain persistent through challenges.

Vice Chancellor Prof. Ir. Dr. Amir Azim Khan appreciated the informative session and presented a souvenir to the speaker in recognition of his valuable insights.

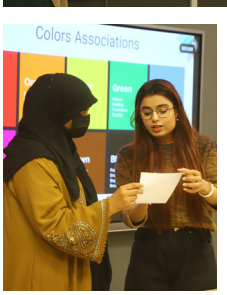

Training Workshop on Branding & Digital Skills for Graduating Students

On December 5, 2025, the Innovation & Commercialization Wing (ORIC) at KFUEIT organized a workshop titled “Branding & Digital Presence for Creative Professionals” for graduating students from Fine Arts, Textile Design, and Food Technology. The session focused on bridging creative skills with market success, featuring practical guidance from experts and successful alumni.

Dr. Sidra Ghazanfar led a session on brand development, while Dr. Muhammad Abdullah guided students on pricing strategies to maintain quality and customer loyalty. Alumni Ms. Fatima Naseem and Mr. Ahsan Fareed Ud Din shared their entrepreneurial journeys, offering tips on exhibitions, social marketing, and managing digital challenges.

Dr. Tariq Mehmood, Additional Director ORIC, emphasized that launching a brand is only the first step; sustaining it requires continuous learning, grit, and effective marketing. The workshop concluded with Prof. Dr. Muhammad Sagir and Dr. Yasir Naiz presenting certificates and souvenirs, celebrating student engagement and ORIC’s ongoing support for entrepreneurship.

Lecture on Sustainable Debt Management

On August 28, Khwaja Fareed University of Engineering and Information Technology (KFUEIT) hosted an insightful lecture titled “Sustainable Debt Management” for the KFUEIT Innovators Group (KING). Organized by the Office of Research, Innovation, and Commercialization (ORIC) in collaboration with the Institute of Business Administration (IBA), the session was delivered by Professor Ahmed Jamal Pirzada, School of Economics, University of Bristol, UK. The lecture focused on contemporary challenges faced by countries in managing public debt and navigating global financial systems.

Professor Pirzada shared practical perspectives on sustainable debt strategies, including engagement with international financial institutions such as the International Monetary Fund (IMF). He discussed key risks and uncertainties associated with debt management, highlighting the role of political economy, growth and interest rate dynamics, and exchange rate fluctuations in shaping national debt outcomes. The session encouraged participants to critically examine policy choices and long-term economic sustainability.

Training Session on Learn Smart Reference Management for Faculty and MS/PhD Scholars

ORIC KFUEIT organized a training session titled “Learn Smart Reference Management for Faculty and MS/PhD Scholars”. The session was arranged on behalf of KFUEIT and coordinated by Ms. Anam Iqbal on behalf of ORIC, who ensured smooth arrangements and effective delivery to strengthen participants’ research capacity.

The program began with Mr. Hasnain, Additional Director (STI) at PASTIC Regional Office, Science Centre, Pakistan Science Foundation, and Chief Organizer from PASTIC, who gave a brief introduction of PASTIC and highlighted its role in supporting research and innovation. Following this, Dr. Maryam Ibrar, Additional Director at PASTIC, delivered an informative training on the use of EndNote and Mendeley as effective reference management tools, providing meaningful guidance to scholars and faculty members.

The session concluded with an interactive Q&A, after which Dr. M. Ashraf, Additional Director ORIC, appreciated the initiative and shared his concluding remarks. He emphasized the importance of such training in enhancing research efficiency and academic productivity and expressed that the team looks forward to continuing such interactions in the future.

ORIC Organizes Seminar on Faculty as Industrial Consultants to Strengthen Academia-Industry Linkages

On August 12, 2025, The Office of Research, Innovation & Commercialization (ORIC) at Khwaja Fareed University of Engineering and Information Technology (KFUEIT) organized a seminar titled "KFUEIT Faculty as Industrial Consultants: Bridging Academia and Industry." The event aimed to empower faculty members as contributors to industrial innovation. Held at the Agriculture Meeting Hall and presided over by Director ORIC, Engr. Dr. M. Saif Ur Rehman, the session began with a recitation from the Holy Quran. The resource person, Engr. M. Siddiq Soomro—Former Deputy Manager Technical Services at FFC and Senior Trainer at Fateh Training & Consultancy—shared insights from his 35 years of experience, highlighting the vital role of faculty as industrial consultants. A lively Q&A session enabled participants to discuss practical aspects of consultancy and innovation. The Vice Chancellor, Prof. Ir. Dr. Amir Azam Khan, presented a commemorative shield to Engr. Soomro and thanked him for his contribution, reaffirming KFUEIT's commitment to strong academia-industry collaboration. The seminar served as an important step toward aligning academic expertise with industrial needs for sustainable progress.

KFUEIT Workshop Promotes Green Technology and Interdisciplinary Solutions

On November 07, 2025, ORIC-KFUEIT successfully concluded a consultative workshop organized under HEC NRPU Project No. 20-14732, focusing on the relationship between technological innovation and environmental pollution. The workshop titled "Asymmetric impact of technological innovation on environmental pollution in Pakistan using quantile estimation" brought together KFUEIT research scholars and local industry representatives to discuss environmental challenges and policy-driven solutions. The event was jointly organized by the Office of Research, Innovation and Commercialization (ORIC) KFUEIT in collaboration with HEC and IBA KFUEIT.

Dr. Adnan Maqbool, Principal Investigator of the project, presented key research findings highlighting technologies that can reduce industrial pollution and emphasized the need for strong policy interventions to promote green technology adoption. An online address by Dr. Muhammad Hafeez, Institute of Business Management Sciences, University of Agriculture, stressed eco-innovation and government financial incentives. Engr. Dr. Muhammad Saif Ur Rehman, Director ORIC KFUEIT, highlighted interdisciplinary collaboration to ensure scalable and effective environmental solutions.

Faculty Members Awarded Under the National Research Program for Universities

Dr. Rana Muhammad Mujahid Saleem, Assistant Professor at Khwaja Fareed University of Engineering and Information Technology, Rahim Yar Khan, has secured a prestigious research grant under the National Research Program for Universities (NRPU). His project titled "Transforming Sewage Sludge into Bio Oil Advancing Circular Economy and Energy Security" has been awarded Rs.13,748,800/- by the Higher Education Commission (HEC) for a duration of 24 months. This groundbreaking initiative will contribute to sustainable energy solutions and strengthen the circular economy, marking a proud achievement for KFUEIT and the academic community of Rahim Yar Khan.

Dr. Majid Rashid, Assistant Professor/Chief Librarian at Khwaja Fareed University of Engineering and Information Technology, Rahim Yar Khan, has been awarded a prestigious research grant under the National Research Program for Universities (NRPU). His project titled "Ethical Framework for Artificial Intelligence (AI) in Pakistan: An Islamic and Moral Perspective" has secured Rs.10,116,000/- from the Higher Education Commission (HEC) for a duration of 24 months. This groundbreaking initiative will contribute to shaping AI development in Pakistan through ethical, moral, and Islamic lenses, highlighting KFUEIT's growing role in impactful national research.

Dr. Habib Ali, Assistant Professor in the Department of Agriculture Engineering, has secured a prestigious NRPU project under PSF–NSLP. His groundbreaking research project, "Smart Beekeeping with IoT Integration", has been awarded a grant of PKR 5,210,698. This innovative initiative aims to revolutionize traditional beekeeping practices by integrating modern Internet of Things (IoT) technologies, enabling smarter hive monitoring, improved productivity, and sustainable apiculture solutions. We extend our heartfelt congratulations to Dr. Habib Ali and his team for this remarkable achievement, which not only brings honor to the department but also sets a new benchmark for research excellence.

Engr. Dr. M. Mohsin Waqas, Assistant Professor in the Department of Agriculture, has successfully secured an NRPU project under PSF–NSLP. His project, "Collaboration Agreement between the University of Essex (UK) and Khawaja Fareed University of Engineering & Information Technology (KFUEIT)", has been awarded a grant of €10,000. This initiative marks a significant step toward strengthening international academic collaboration and advancing research in agricultural sciences. By fostering joint efforts between KFUEIT and the University of Essex, the project will open new avenues for knowledge exchange, capacity building, and innovative solutions to agricultural challenges.

04 TRAININGS & SEMINARS

The Art of Decision-Making: A Leadership and Management Lecture

On July 2, 2025, Khwaja Fareed University of Engineering & Information Technology (KFUEIT) hosted the second session of its Leadership Lecture Series, featuring an insightful talk by Vice Chancellor Prof. Ir. Dr. Amir Azam Khan on "Leadership vs Management: A Comparison of Decision-Making Strategies." Drawing from his experience at NUST Islamabad and UNIMAS Malaysia, he explained the differences between leadership and management, noting that leaders focus on vision and long-term direction while managers prioritize operational efficiency and short-term objectives.

Prof. Amir Azam Khan emphasized that both roles are essential for organizational success. He shared examples illustrating how leaders inspire growth through strategic thinking, whereas managers ensure stability through planning and coordination. The session encouraged faculty and staff to sharpen their critical thinking and decision-making skills, helping them better navigate today's fast-changing professional environment. Participants appreciated the practical relevance of the discussion and expressed interest in future sessions of the series.

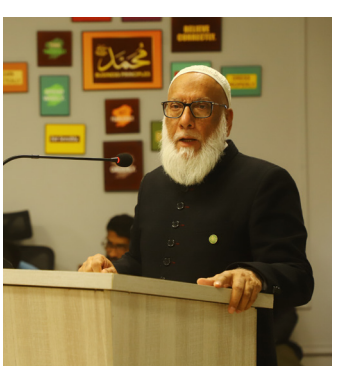

Workshop on Ethical & Spiritual Leadership

On 09 December, Khwaja Fareed University of Engineering and Information Technology (KFUEIT) organized a Training Workshop on Ethical & Spiritual Leadership: A Sufi & Islamic Perspective, exclusively for university faculty. The workshop was conducted by Syed Badiuddin Soharwardy, President, Islamic Supreme Council of Canada, who shared valuable insights drawn from Sufi thought and Islamic teachings, emphasizing spirituality-driven leadership. Upon his arrival at KFUEIT, the worthy Vice Chancellor, Prof. Ir. Dr. Amir Azam Khan, warmly welcomed Syed Badiuddin Soharwardy at the Vice Chancellor's Secretariat.

The session provided a meaningful platform for reflection, personal growth, and refinement of ethical leadership among faculty members. Participants engaged in interactive discussions linking ethical values with contemporary academic and administrative challenges. The workshop concluded with appreciation for the speaker's contribution and a renewed commitment to promoting values-based leadership at KFUEIT.

Awareness Seminar Highlights Role of Technology in Enhancing Community Safety

On 22 December 2025, the KFUEIT Security Department, in collaboration with the Safe City Rahim Yar Khan Project, organized an awareness seminar highlighting the role of technology in building safer communities. Mr. Mubeen Arshad, In-Charge SCPA Safe City, briefed participants on key public safety initiatives and shared insights on how technology is being leveraged to enhance security measures. The session was attended by Chief Security Officer Dr. Adnan Khaliq, Director Student Affairs Dr. Aslam Khan, along with CRs, GRs, and DSA coordinators.

The seminar played a vital role in sensitizing students and staff about the importance of public safety and the growing role of technology in monitoring and preventing security threats. Participants were encouraged to engage responsibly with civic technology initiatives and collaborate with law-enforcement agencies to promote a culture of safety. By bridging the gap between citizens and authorities, the session aimed to foster awareness, responsible behavior, and proactive participation, contributing to a safer and more informed university community.

KFUEIT Observes Independence Day with Flag Hoisting, Guard of Honor, and Cake-Cutting Ceremony

On August 14, 2025, Khwaja Fareed University of Engineering and Information Technology (KFUEIT) celebrated Pakistan's Independence Day with a patriotic flag-hoisting and cake-cutting ceremony. The national flag was raised by Prof. Ir. Dr. Amir Azam Khan, Vice Chancellor KFUEIT, marking the formal beginning of the festivities. The event highlighted the spirit of unity, national pride, and the collective resolve to contribute to Pakistan's progress through knowledge and responsibility.

Faculty members, administrative officers, staff, and their families participated in the celebration, creating an atmosphere filled with joy and togetherness. The cheerful presence of children brought additional color and warmth to the occasion, reflecting the hope and aspirations carried by the younger generation. Attendees also reflected on the significance of Independence Day, cherishing the sacrifices behind the nation's freedom.

WDD Promotes Women's Entrepreneurship Through Awareness Session

On 30 September 2025, the Women Development Department (WDD), Punjab, held an awareness session at KFUEIT to introduce its key initiatives, including the Entrepreneurial Female Youth Pitch Competition and the Skills Development Through Ambassadors Program. The session highlighted new opportunities designed to support young women in building confidence, practical skills, and pathways toward entrepreneurship.

During the visit, Vice Chancellor Prof. Dr. Amir Azam Khan appreciated WDD's efforts and encouraged strong participation from KFUEIT's female students. The WDD team also toured the university's Day Care Centre, where they acknowledged the supportive facilities available for young mothers balancing academic and personal responsibilities.

Flood Victims Aided by KFUEIT Ethics & Tolerance Society

On October 18, 2025, the Ethics & Tolerance Society of Khwaja Fareed University of Engineering and Information Technology (KFUEIT) organized a crucial relief distribution activity. Following the directions of the Vice Chancellor, Prof. Ir. Dr. Amir Azam Khan, and continuing the university's humanitarian commitment, the society reached out to flood-affected communities near Taranda Muhammad Panah and Uch Sharif.

Under the supervision of Advisor Dr. Majid Rasheed, a dedicated team of volunteers, students, and staff members—along with Mr. Zain-ul-Abedeen, Assistant Director Press Media and Publication—worked tirelessly to distribute essential relief goods. The team provided ration packs, bedding, clothing, and other necessary supplies to approximately 200 flood-affected families in the area.

The compassionate outreach and timely assistance provided by the KFUEIT Ethics & Tolerance Society were met with heartfelt gratitude from the victims. This effort underscores the university's strong sense of social responsibility and its commitment to serving the wider community of Rahim Yar Khan during times of crisis.

CSS Club Hosts an Insightful Skill-Building Session

On October 02, 2025, the CSS Club organized an engaging session that brought students together for valuable guidance and motivation. The event featured perspectives from Mr. Waheed Shahzad, Dr. Majid Rasheed, and Dr. Muhammad Anwar Farooq, who shared their experiences with the participants.

Mr. Waheed Shahzad discussed the CSS examination, stressing its requirements and the importance of consistent effort. Dr. Muhammad Anwar Farooq added practical insights on developing essential skills for academic and personal growth. The session left students motivated to refine their abilities and work confidently toward a successful future.

Teachers and Students Rally for Palestine

On October 03, Khwaja Fareed University of Engineering and Information Technology (KFUEIT), Rahim Yar Khan, organized a solidarity rally to express support for the Palestinian people. Pro Vice Chancellor Prof. Dr. Shahzad Murtaza, Dean Dr. Muhammad Sagir, DSA Dr. Aslam Khan, and Dr. Majid Rasheed joined a large number of students, faculty, and staff in the peaceful gathering. The rally highlighted a strong sense of unity and compassion across the campus community as participants came together to stand with the people of Palestine.

World Cotton Day by Department of Agricultural Engineering

On October 07, 2025, the Department of Agricultural Engineering at Khwaja Fareed University of Engineering and Information Technology (KFUEIT) celebrated World Cotton Day in collaboration with WWF Pakistan and Artistic Milliners. The event highlighted the importance of cotton, often called "White Gold," and its crucial role in Pakistan's agriculture and economy.

The ceremony brought together farmers, agriculture department representatives, and key stakeholders. Faculty members delivered presentations on sustainable cotton cultivation and strategies to enhance cotton farming in the region. Head of Department Dr. Yasir Niaz, Dr. Ashraf, and numerous faculty and students actively participated, reaffirming their dedication to advancing research and innovation for a sustainable agricultural future.

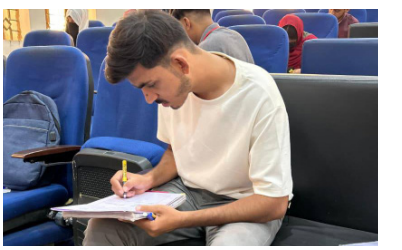

Students Showcase Talent at Pakistan-Turkey Relations Essay Competition

On October 12, 2025, KFUEIT hosted the essay writing competition titled "Pakistan-Turkey Relations: A Timeless Bond" at the Civil Auditorium. The event brought together a large number of students who shared their insights on the cultural, historical, and diplomatic ties between the two nations.

The competition highlighted the participants' writing skills and their understanding of the enduring friendship between Pakistan and Turkey. It proved to be an engaging platform for students to express thoughtful perspectives while celebrating the strong bond between the two countries.

International Relations Society Holds Annual Session 2025–2026

On October 09, 2025 , the International Relations Society (IRS) at KFUEIT held its Annual Session 2025–2026, celebrating another step in its academic and professional journey. The event featured engaging speeches, interactive discussions, and a card distribution ceremony for the newly inducted cabinet members. Honorable faculty, including Dr. Muhammad Anwar Farooq (Director, Institute of Humanities and Arts), Dr. Mehwish Muzaffar, Dr. Ghulam Qasim, and Mr. Fazzal Abbas, attended the session, offering encouragement and support. Led by President Ms. Fatima Kashif and Mr. Ameer Hamza, the society reaffirmed its mission to foster dialogue, critical inquiry, and intellectual exchange, strengthening IRS as a dynamic student forum at KFUEIT.

Institute of Food Sciences Hosts World Food Day Seminar

On October 16, 2025, the Institute of Food Sciences at KFUEIT Rahim Yar Khan organized a World Food Day seminar to discuss food security, healthy eating, and addressing malnutrition. The session encouraged students to explore sustainable solutions and understand emerging global challenges.

Speakers from the Food Department and nutritionists highlighted balanced diets, responsible consumption, and the youth's role in promoting food sustainability. The event, attended by senior faculty including Prof. Dr. Shehzad Murtaza and Dr. Muhammad Sagir, provided an engaging platform for learning and awareness.

IFST Students Celebrate World Egg Day with Creative Culinary Exhibition

On 16 OCT 2025, World Egg Day, Khwaja Fareed University of Engineering and Information Technology (KFUEIT), Rahim Yar Khan, hosted a lively food exhibition organized by the Institute of Food Sciences and Technology as part of World Food Day celebrations. Students from various departments set up creative stalls presenting a mix of Pakistani and international cuisines, including egg-based pizzas, protein-enriched biscuits, and other nutritious dishes promoting health and wellness.
The exhibition attracted a large student audience who explored the diverse offerings and applauded the innovation and culinary skills on display. A panel of judges evaluated the dishes on taste, presentation, and nutritional value, awarding the top performers for their exceptional efforts.

Prof. Dr. Shehzad Murtaza (Pro Vice Chancellor), Dr. Muhammad Sagir (Dean of All Faculties), Dr. Farhan Chughtai (Director, Institute of Food Sciences), Dr. Mian Tariq Mehmood, and other faculty members attended, appreciating the enthusiasm and talent demonstrated by the students. The event provided an interactive platform for culinary creativity and learning.

Department of Agricultural Engineering: Workshop Charts Path for Sustainable Groundwater Use

On 17 October 2025, the Department of Agricultural Engineering, KFUEIT, successfully organized a two-day "Vision to Action Workshop on Sustainable Groundwater Management" in collaboration with IWMI Pakistan. The event focused on developing practical, integrated strategies to ensure the long-term viability of Pakistan's vital water resources.

The workshop was inaugurated by Prof. Ir. Dr. Amir Azam Khan, Vice Chancellor KFUEIT, who underscored the critical need for adopting sustainable groundwater use and integrated management approaches. Dr. Yasir Niaz, Head of the Department of Agricultural Engineering, highlighted the department's commitment to promoting research-based solutions and water-efficient farming practices. Participants, including the local farming community, government officials from the Agriculture Department and WASA, and faculty members, engaged in insightful discussions led by Dr. Kaleem Ullah and Dr. Muhammad Tahir Ali from IWMI Pakistan. This collaborative initiative served as a crucial platform for knowledge sharing and collective action toward better water governance in the region.

Academic Collaboration: KFUEIT and Air University Discuss Joint Initiatives

On October 18, 2025, Prof. Ir. Dr. Amir Azam Khan, Vice Chancellor KFUEIT, met with Air Marshal (R) Abdul Moeed Khan, HI(M), Vice Chancellor of Air University Islamabad, to discuss strengthening inter-university cooperation.

The focus of the meeting was to explore avenues for significant academic collaboration, including launching joint research initiatives and implementing faculty exchange programs. Both Vice Chancellors emphasized that such partnerships are crucial for fostering innovation, enhancing the quality of engineering and technology education, and ultimately contributing to national development. The engagement marks a proactive step toward leveraging the combined strengths of both institutions for mutual benefit and growth.

Peace Day Marked Through Joint Efforts of KFUEIT, REEDS Pakistan & Meesaq Center

On 23 September 2025, KFUEIT, REEDS Pakistan, and the Meesaq Center Rahim Yar Khan jointly marked the International Day of Peace with a seminar, peace walk, and interfaith harmony lunch. The program aimed to strengthen mutual respect, understanding, and cooperation among people of diverse faiths, encouraging a culture of peace and social cohesion. Speakers from various religious and academic backgrounds highlighted the value of interfaith dialogue, peace education, and resilience building in Pakistan's social landscape.

The event was attended by community leaders, scholars, and faculty members, along with Vice Chancellor Prof. Ir. Dr. Amir Azam Khan, who appreciated the collaborative efforts promoting harmony. Participants later joined a peace walk, raising slogans that emphasized unity and coexistence. The celebration concluded with an interfaith harmony lunch, where representatives from Muslim, Christian, and Hindu communities shared a meal as a symbol of solidarity. Attendees collectively pledged to support initiatives that foster inclusivity, tolerance, and lasting peace. The initiative reaffirmed the shared commitment of all stakeholders to building a peaceful, inclusive, and harmonious society for future generations.

KFUEIT Delegation Engages at IEEE Congress

On October 4, 2025, the Department of Electrical Engineering at KFUEIT participated in the IEEE Faisalabad Students, Young Professionals & Women in Engineering Congress 2025 (IEEE FSYWC'25). Engr. Jam Arslan Hassan, Lecturer and Incharge Embedded Systems Laboratory, attended as Guest of Honour along with five final-year BS Electrical Engineering students—Hafiz Muhammad Waseem, Saif Ur Rehman, Ahad Rasool, Muhammad Moneeb, and Shahid Saeed.

The delegation engaged in technical sessions, workshops, and interactive discussions with professionals. Their participation highlighted KFUEIT's commitment to experiential learning, industry exposure, and professional development for young engineers.

IHA Hosts Seminar on Grammar and Sentence Correction

On 19 October 2025, the Institute of Humanities and Arts (IHA)hosted an informative seminar on "Grammar (Basic) and Sentence Correction." The session was successfully organized by the KFUEIT CSS Club and DSA in collaboration with the IHA. The seminar was conducted by Ms. Farzana Ismail, from the English Department, who focused on strengthening students' foundational writing skills. Ms. Ismail explained basic grammar rules, highlighted common sentence mistakes, and shared valuable tips for improvement. The session incorporated interactive examples, practical sentence correction exercises, and a Q&A discussion, which students found highly engaging and helpful for enhancing their academic and professional communication.

IFST Champions World Iodine Day

On October 21, 2025, Khwaja Fareed University of Engineering and Information Technology (KFUEIT) organized an Awareness Seminar and Nutrition Camp in observance of World Iodine Day 2025. The event united students and professionals in promoting better nutrition and preventing Iodine Deficiency Disorders. Students participated through an awareness walk, interactive stalls, quizzes, and informative displays on iodine's dietary importance. Renowned speakers, including Mr. Zubair Afzal (Dietitian) and experts from Nutrition International and Punjab Food Authority, shared valuable insights, with Dr. Atif Liaqat moderating the session. Dr. Farhan Chughtai expressed gratitude to all participants, reinforcing KFUEIT's commitment to an iodine-aware future.

Motivational Session “Badlo Khud Ko!” by Youth Club

KFUEIT continues its mission of nurturing personal growth and value-based learning among its students. In this spirit, a powerful motivational session was recently held to inspire positive change and self-reflection.

On November 10, 2025, the Ethics and Tolerance Society, KFUEIT, in collaboration with the Quality Enhancement Cell (QEC), organized a motivational session titled “Badlo Khud Ko!” (Change Yourself!) at the Community Center. Distinguished speakers Abu Saad and Muhammad Ali delivered compelling talks on self-discipline, emotional control, confidence building, and the importance of personal accountability for success.

The event received an enthusiastic response from students, faculty, and staff. Interactive discussions encouraged participants to reflect on their behaviour, set meaningful goals, and adopt positive habits for continuous personal growth. The speakers emphasized that true change begins within — with self-awareness, discipline, and the courage to challenge one’s limitations.

Dr. Majid Rasheed, Focal Person of the Ethics and Tolerance Society, appreciated the initiative and reaffirmed KFUEIT’s commitment to character development and value-based learning. The session concluded with thanks to the speakers and organizers for arranging a meaningful program that encouraged participants to think deeply, realign their perspective, and embrace positive transformation in everyday life.

Institute of Health Sciences Hosts Breast Cancer Awareness Seminar

On October 22, 2025, the Institute of Health Sciences organized a vital Breast Cancer Awareness Seminar aimed at educating female students and faculty on prevention, early detection, and treatment strategies.

The seminar featured Dr. Shanzah Shahbaz, Assistant Professor & Head of the Oncology Department, Sheikh Zayed Hospital, as Guest Speaker, and Mrs. Aneeqa, as Chief Guest. Both speakers delivered insightful talks covering risk factors, symptoms, and preventive measures. The audience actively engaged in interactive discussions, underscoring the critical need for regular self-examination and timely screening.

At the conclusion, Dr. Rao Waqas, Head of Department, presented shields to the distinguished guests. This initiative reaffirms the Institute’s commitment to promoting awareness and empowering women through essential health education.

Impressive Degree Show by Textile Design and Fine Arts Students

On 18 November 2025, the Department of Textile Designing and Fine Arts at Khwaja Fareed University of Engineering and Information Technology (KFUEIT), Rahim Yar Khan, organized an impressive Degree Show featuring final-year projects by 36 Textile Design and 5 Fine Arts students, developed under the supervision of Arshad Rehmani and Tayyab Raza.

The exhibition was inaugurated by Vice Chancellor Prof. Dr. Amir Azam Khan and attended by Registrar Dr. Javed Iqbal, Director ORIC Dr. Saif-ur-Rehman, Director Legal Mian Irfan, Director Institute of Humanities Dr. Muhammad Anwar Farooq, along with faculty members and students. The showcased artworks drew strong appreciation from visitors throughout the event, creating an engaging and vibrant academic atmosphere.

Addressing the gathering, the Vice Chancellor praised the creativity and dedication of students and faculty, emphasizing that KFUEIT actively promotes arts, humanities, and fine arts alongside engineering and technology. He also encouraged students to pursue innovation and professional excellence in their creative fields.

The exhibition presented a rich mix of traditional and contemporary textile designs, paintings, sketches, and sculptures, reflecting thoughtful concepts, cultural heritage, and modern artistic trends. The event served as a valuable platform for students to present their skills, gain feedback, and prepare for professional careers in the creative industry.

Annual Sports Gala 2025 Energizes Campus Life at KFUEIT

On 16–18 December 2025, Khwaja Fareed University of Engineering and Information Technology (KFUEIT) successfully organized its Annual Sports Gala 2025, bringing three days of vibrant sports activities and enthusiastic student participation to the campus. The gala opened with an impressive ceremony graced by Deputy Commissioner Rahim Yar Khan, Mr. Zahir Anwar Jappa, while Vice Chancellor Prof. Ir. Dr. Amir Azam Khan presided over the event. Faculty members, administrative officials, and a large number of male and female students attended, reflecting the university's lively co-curricular culture.

Throughout the gala, students competed in cricket, football, volleyball, badminton, athletics, and other games, demonstrating teamwork, discipline, and sportsmanship. The Deputy Commissioner highlighted the role of sports in promoting healthy competition and positive youth engagement, and appreciated the university's consistent focus on student well-being. The event also provided students with an opportunity to build confidence, leadership skills, and mutual respect beyond classrooms.

The Sports Gala concluded with a closing ceremony where Vice Chancellor Prof. Ir. Dr. Amir Azam Khan congratulated the winning teams and appreciated Director Sports Dr. Basharat and the Sports Department for their dedicated efforts. Trophies and medals were distributed, marking the successful conclusion of a spirited and memorable campus event. The gala fostered unity and enthusiasm among students from various departments, creating a vibrant campus atmosphere. Such co-curricular activities reflect KFUEIT's commitment to holistic student development beyond academics.

Baran-e-Adab Literary Society Hosts 3rd Annual Mehfil-e-Sha'ar-o-Sukhan

On October 23, 2025, Baran-e-Adab Literary Society of KFUEIT hosted the 3rd Annual Mehfil-e-Sha'ar-o-Sukhan, a grand literary evening organized by the Baran-e-Adab Literary Society. The event brought together renowned poets who captivated the audience with soulful, reflective, and thought-provoking poetry, creating an atmosphere rich in literary expression and cultural appreciation. The gathering provided students with an opportunity to interact with literary figures, gain insights into the art of poetry, and develop a deeper understanding of Pakistan's rich literary heritage.

Vice Chancellor Prof. Ir. Dr. Amir Azam Khan warmly welcomed the guest poets and highlighted KFUEIT's commitment to promoting literary and cultural values alongside academic and research excellence. He interacted with the poets and shared his favorite verses, receiving enthusiastic appreciation from the audience. The Mehfil was presided over by Dr. Kabir Athar, while distinguished poets including Ajmal Fareed, Umair Najmi, Mirza Faisal, Basit Ismail, Muzdum Khan, Rabia Imran, Agha Jan, and Umar Malik presented their work, leaving the audience inspired and deeply moved.

Pro Vice Chancellor Prof. Dr. Shahzad Murtaza, attending as Guest of Honour, praised the Baran-e-Adab Literary Society for nurturing literary traditions among students. The event was conducted by Zain-ul-Abedeen Arshad, Assistant Director Press Media & Publication KFUEIT, and attended by senior university officials, faculty members, and students. The evening concluded with heartfelt applause, reaffirming KFUEIT's dedication to art, culture, and intellectual expression on campus, while motivating students to explore and cherish creative literary pursuits.

Dramatic Society Hosts Soulful Sufi Gathering

With great enthusiasm, highlighting the growing role of technology in modern education, the Vice Chancellor, Prof. Dr. Amir Azam Khan, graced the ceremony as Chief Guest and personally distributed laptops to the students. In his brief remarks, he emphasized the importance of digital tools in strengthening academic, research, and creative capabilities. The ceremony was organized under the supervision of Focal Person Dr. Jallat Khan, who appreciated the coordinated efforts of his team in ensuring smooth and transparent arrangements.

The initiative was warmly welcomed by students, who viewed it as a valuable support for their studies, skill development, and overall personal growth. Faculty members and administrative officials were also present, encouraging students to use the laptops responsibly for learning, research, innovation, and collaborative projects. The university administration expressed optimism about the program's long-term impact on academic performance, technological literacy, and digital inclusion, while emphasizing that it will also enhance students' problem-solving and critical thinking abilities.

The ceremony also served as a platform to highlight the university's commitment to bridging the digital divide and fostering equal learning opportunities. By equipping students with essential technological resources, the initiative is expected to enhance research productivity, online learning engagement, digital collaboration, and professional readiness. The event concluded successfully, reinforcing KFUEIT's mission to empower students through sustainable educational support initiatives while inspiring them to embrace emerging technologies for a brighter, knowledge-driven future.

Law Enforcement Agencies Conduct Mock Exercise for Campus Safety

On December 12, 2025, Khwaja Fareed University of Engineering & Information Technology (KFUEIT) successfully conducted a comprehensive mock security exercise in collaboration with multiple law enforcement and emergency response agencies. The exercise aimed to strengthen the university's security preparedness and ensure the safety of students, faculty, and staff. It also provided an opportunity for participants to practice real-life scenarios, identify potential gaps in response strategies, and enhance coordination among different teams.

The activity brought together Pakistan Rangers (10 Wing), SHO Police Station Saddar, Civil Defence, Rescue 1122, Special Branch, Security Branch, CTD Branch, and Elite Force, who participated in practical drills and response demonstrations. The exercise evaluated existing security protocols and enhanced coordinated emergency responses across the campus. Vice Chancellor Prof. Ir. Dr. Amir Azam Khan appreciated the collaborative efforts of all agencies, emphasizing that maintaining a safe and secure learning environment is a top priority. The exercise also served as a training platform for campus security personnel, equipping them with updated skills and knowledge to handle emergencies effectively. Special recognition was given to Chief Security Officer Dr. Adnan Khaliq Bajwa for organizing and managing the arrangements efficiently. KFUEIT expressed gratitude to all partner agencies for their dedication and professionalism, highlighting the university's commitment to proactive safety measures.

Fine Arts Students of the University Secure Top Position in NAB Wall Painting Competition

On December 03, 2026, Talented students from the Fine Arts Department, Institute of Humanities and Arts at KFUEIT, Rahim Yar Khan, achieved remarkable success by winning the Wall Painting Competition organized by the National Accountability Bureau (NAB). Participating students Adeena Shabbir, Amber Shabbir, Maryam Rahman, Tooba Razziq, Kiran Aziz, M. Abdullah, Muskan, and Aliha Aslam showcased exceptional creativity, presenting a powerful visual message on the role of youth in combating corruption.

Their artwork impressed judges with its symbolism, color harmony, and compelling narrative, reflecting the youth's commitment to a transparent and corruption-free nation. The students were guided throughout the creative process by Ms. Saba Khalil and Dr. Majid Rashid, whose mentorship played a key role in this achievement.

Vice Chancellor Prof. Ir. Dr. Amir Azam Khan and the university management congratulated the team for bringing honor to KFUEIT and appreciated NAB for providing young artists with a meaningful platform to contribute to a national cause.

Scholarship Office Engages Newly Admitted Students

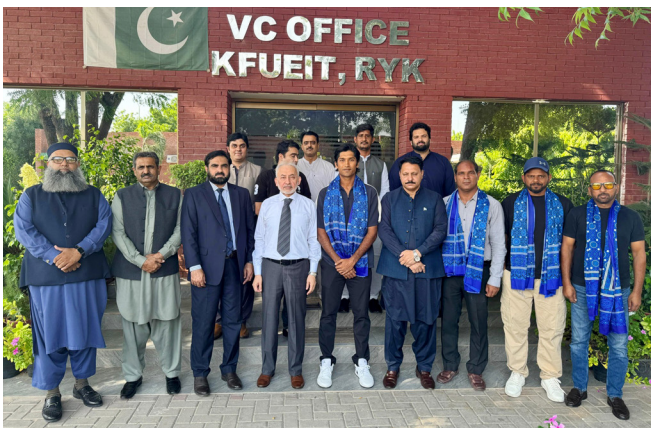

On August 25, 2025, newly admitted students from the Computer Engineering, Software Engineering, and Robotics & Intelligent Systems programs actively participated in Zero Week by submitting their applications for the Honhaar Scholarship through the official portal. The activity allowed students to familiarize themselves with the scholarship process while encouraging them to take an early step toward securing financial support for their academic journey. Faculty and coordinators guided students throughout the process, ensuring they understood the eligibility criteria and the importance of timely submission.

The Honhaar Scholarship serves as a valuable opportunity for talented and deserving students, helping them pursue higher education with greater confidence and reduced financial pressure. During the session, students expressed enthusiasm for the initiative and appreciated the university's efforts to provide meaningful support at the very beginning of their studies. The activity concluded with a sense of motivation and optimism as students prepared to embark on their academic paths with renewed determination.

Sports Department Welcomes Cricket Icons to Inspire Students

On 19 September 2025, rising Pakistani fast bowler Muhammad Hasnain and emerging cricket star Muhammad Salman visited KFUEIT, Rahim Yar Khan, along with PCB officials Dr. Adeel Bajwa and Mr. Javed Sheikh. The delegation met Vice Chancellor Prof. Ir. Dr. Amir Azam Khan, who welcomed the guests and emphasized KFUEIT's commitment to nurturing both academic excellence and sports talent.

The visitors toured the university's modern Sports Complex, participated in a tree plantation activity, and engaged in discussions about promoting a vibrant sporting culture. Pro Vice Chancellor Prof. Dr. Shahzad Murtaza, Registrar Dr. Javed Iqbal, Dean Dr. Muhammad Sagir, Director Career Counseling Dr. Yasir Niaz, Director Sports Dr. Basharat, and other faculty members attended. The guests appreciated the warm welcome and praised KFUEIT's holistic approach to student development and rapid institutional growth.

Department of Civil Engineering Students and Faculty Unite for Sports Tournaments

On October 7 to 9, 2025, the Department of Civil Engineering hosted a dynamic sports event featuring both Cricket and Badminton tournaments, successfully promoting teamwork and friendly competition among students and faculty.

The three-day event showcased high energy and sportsmanship from students across various semesters. A notable highlight was the final cricket match, which pitted the winning student team against the faculty members of the Civil Engineering Department. This match, played with great enthusiasm and respect, perfectly encapsulated the spirit of camaraderie within the department. In addition to cricket, the engaging Badminton Tournament, featuring both singles and doubles, showcased students' agility and precision. The event concluded with a closing ceremony where the winning teams received trophies, encouraging continued participation in healthy activities to foster fitness and departmental bonding.
